

COMPETITION SEATER DIES - REDDING 257 ROBERTS ACKLEY IMPROVED BULLET SEATING DIE

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

We feel the Redding Competition Bullet Seater is the best bullet 7/8-14 bullet seater on the market today. The machining is precise, and the sliding chamber is the smoothest we have ever experienced in a seater. This micrometer-adjustable die is calibrated in .001" increments for precise seating depth adjustments and is infinitely adjustable (no clicks). It also has a zero set feature that allows you to zero the micrometer to your favorite seating depth. Sold separately or as part of a set. Also available for handgun and straight wall cartridges.

Safety Instruction Guide for Redding Competition Seater Dies

Introduction

Thank you for choosing the Redding Competition Seater Dies for your reloading needs. This guide provides essential safety instructions to ensure the safe use of the product. Please read this document carefully before using the die.

General Safety Guidelines

- Always handle the die with care to avoid injuries.
- Keep the die out of reach of children and vulnerable individuals.
- Use the die only for its intended purpose as described in this guide.
- Inspect the die regularly for signs of damage or wear. Do not use if damaged.
- Follow all local regulations regarding the use and storage of reloading equipment.

Specific Safety Precautions for Use

- Ensure that the workspace is clean, dry, and welllit to minimize risks.
- Wear appropriate personal protective equipment (PPE) such as safety glasses and gloves when using the die.
- Be aware of potential hazards, including:
 - Sharp edges on the die that may cause cuts.
 - The risk of misalignment leading to improper bullet seating.
- Avoid distractions while using the die to maintain focus and precision.
- Do not exceed the maximum recommended load specifications for your cartridges.

Instructions for Installation and Usage

1. Installation:

- Ensure your reloading press is securely mounted and stable.
- Thread the Redding Competition Seater Die into the press using a 7/814 thread.
- Tighten the die securely, but do not overtighten to avoid damage.

2. Usage:

- Adjust the micrometer to your desired seating depth in .001" increments.
- Use the zero set feature to calibrate the micrometer to your preferred depth.
- Place the bullet in the case mouth and ensure proper alignment before seating.
- Operate the press smoothly and consistently to seat the bullet properly.
- After use, clean the die to remove any debris or residue.

Disposal Instructions

- Dispose of the die according to local regulations regarding metal and plastic waste.
- Do not dispose of the die in regular household waste if it is damaged or broken.
- Contact your local waste management facility for guidance on proper disposal methods.

Contact Information for Further Support

For any inquiries or concerns regarding the Redding Competition Seater Die, please refer to the manufacturer's website or customer service for assistance.

Thank you for your attention to these safety instructions. Proper use and care of the Redding Competition Seater Die will ensure a safe and effective reloading experience. Please keep this guide for future reference.
