

TYPE S MATCH BUSHING FULL DIE SETS - REDDING 264 WINCHESTER MAGNUM BUSHING FULL LENGTH DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Redding Type S Match Bushing Full Die Set contains a Type S Bushing Full Sizing Die and a Competition Seating Die. The Type S Bushing Full Die allows full length resizing while maintaining exact control of the case neck. Interchangeable bushings allow you to determine your own level of sizing and neck tension. The Competition Bullet Seating Die features a micrometer calibrated in .001" increments and floating seating stem system which help eliminate concentricity problems.

Safety Instruction Guide for Redding Type S Match Full Length Die Set, 264 Winchester Magnum

Introduction

Thank you for choosing the Redding Type S Match Full Length Die Set for your reloading needs. This guide provides essential safety instructions and precautions to ensure safe and effective use of the product. Please read this manual thoroughly before using the die set to avoid any potential hazards.

General Safety Guidelines

- Always wear appropriate safety gear, such as safety glasses and gloves, when handling reloading equipment.
- Keep the die set and all reloading components out of reach of children and pets.
- Ensure that your workspace is clean, organized, and welllit to prevent accidents.
- Familiarize yourself with the reloading process and the specific requirements for the 264 Winchester Magnum cartridge before use.
- Inspect all components for damage or wear before use. Do not use damaged parts.
- Always follow the manufacturer's instructions and adhere to recommended load data.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the die set is compatible with your reloading press and the specific cartridge you are using.
- Avoid using excessive force when adjusting or tightening the dies to prevent damage.
- Never leave the reloading process unattended.
- Be aware of the risks associated with using smokeless powder and primers. Store them in a cool, dry place, away from direct sunlight and heat sources.
- Always use the correct tools and techniques for installation and adjustment to prevent injury.

Instructions for Installation and Usage

1. Installation:

- Ensure that your reloading press is securely mounted to a stable work surface.
- Remove any existing dies from the press.
- Select the appropriate die from the set for your reloading task.
- Carefully screw the die into the press, ensuring it is properly aligned and tightened without excessive force.

2. Usage:

- Follow the specific reloading instructions for the 264 Winchester Magnum cartridge.
- Measure and prepare your brass cases according to the recommended specifications.
- Use the resizing die to resize the brass cases as needed.
- Follow the appropriate procedures for seating bullets and crimping, ensuring the correct dimensions and specifications are met.
- Regularly check the measurements of your reloaded ammunition to ensure consistency and safety.

Disposal Instructions

- Dispose of any unused or expired reloading components, such as powder and primers, in accordance with local regulations.
- Do not throw away reloading components in regular trash. Instead, contact your local waste management facility for proper disposal methods.
- Recycle any metal or plastic parts of the die set according to local recycling guidelines.

Contact Information for Further Support

For any questions or concerns regarding the Redding Type S Match Full Length Die Set, please refer to the manufacturer's contact details provided with the product packaging. Ensure that you have the product model and relevant details ready when seeking support.

By following these safety instructions, you can ensure a safe and efficient reloading experience with your Redding Type S Match Full Length Die Set for the 264 Winchester Magnum cartridge. Thank you for prioritizing safety in your reloading practices.
