

COMPETITION BUSHING NECK DIE SETS - REDDING 204 RUGER BUSHING NECK DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Redding Competition Bushing Neck Die Set includes a Competition Bushing Neck Sizing Die, a Body Die, and a Competition Bullet Seater. Neck Sizing Die and Seater feature micrometer adjustments. Bushings and Shellholder sold separately. Competition Bushing Neck Die - With this die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. Body Die -designed to full length resize the case body and bump the shoulder position for proper chambering without disturbing the case neck. Competition Bullet Seater - Tighter manufacturing tolerances have been made possible due to the details of the floating seating stem system. The bullet guide to seating stem fit is so precise that the seating stem can actually be demonstrated to "float"

Redding Competition Bushing Neck Die Set, 204 Ruger

Safety Instruction Guide for Redding Competition Bushing Neck Die Set, 204 Ruger

Introduction

Thank you for choosing the Redding Competition Bushing Neck Die Set for your reloading needs. This product is designed to enhance the accuracy and performance of your ammunition. However, it is essential to follow safety instructions to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- Always read and understand the instructions before using the product.
- Keep the die set out of reach of children and vulnerable individuals.
- Inspect the die set for any damage or defects before each use.
- Use the die set only for its intended purpose as specified in the product manual.
- Wear appropriate personal protective equipment, such as safety glasses and gloves, when using the die set.
- Store the die set in a dry and secure location to prevent damage or unauthorized access.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the reloading press is stable and securely mounted before using the die set.
- Avoid wearing loose clothing or jewelry that may get caught during the reloading process.
- Do not exceed the recommended load specifications for the 204 Ruger cartridge.
- Always doublecheck powder measurements and bullet seating depth to avoid overloading.
- Keep work areas wellventilated to minimize inhalation of dust or fumes from reloading materials.
- Never leave the reloading process unattended, especially when working with primers and powder.

Instructions for Installation and Usage

1. Installation:

- Ensure that the reloading press is powered off and unplugged before installation.
- Open the die set packaging and carefully remove all components.
- Identify the bushing neck die and the appropriate shell holder for the 204 Ruger cartridge.
- Install the bushing neck die into the reloading press according to the manufacturer's instructions.
- Secure the die in place to prevent movement during use.

2. Usage:

- Prepare your brass cases by cleaning and inspecting them for defects.
- Insert the brass case into the shell holder and position it under the die.
- Adjust the die to the desired depth for neck sizing, following the instructions provided.
- Operate the reloading press to resize the neck of the brass case.
- After resizing, check the dimensions of the neck to ensure proper fit.
- Repeat the process for all cases as needed.

Disposal Instructions

- Dispose of any unused or waste materials according to local regulations.
- Do not dispose of primers, powder, or other hazardous materials in regular trash.
- Check with local authorities or waste disposal facilities for proper disposal methods.

Contact Information for Further Support

For safety inquiries or further support regarding the Redding Competition Bushing Neck Die Set, please refer to the contact information provided in the product packaging or on the manufacturer's website.

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your Redding Competition Bushing Neck Die Set.
