

# TRIPLE SHOT X® 35 CALIBER RIFLE BULLETS - BARNES BULLETS

## TSX 35 CALIBER (0.358") FLAT BASE 200GR 50/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

This lead-free, 100% copper-constructed bullet provides extreme penetration every time. Typically, this premium hunting bullet retains 100% of its original weight even after smashing through dense tissue and heavy bone. The Triple - Shock bullet design incorporates a series of precisely positioned rings cut into the bullet's body. These grooves relieve firing pressure, allowing the TSX to be safely loaded to higher velocities while reducing copper fouling. The bonus is that this is one of the most accurate hunting bullets you can buy.

Barnes 35 cal. 200 gr. Triple Shock X Bullets - 50

### Attributes

- Name: [BARNES BULLETS TSX 35 CALIBER \(0.358"\) FLAT BASE 200GR 50/BOX](#)

# Safety Instruction Guide for TRIPLE SHOT X® 35 CALIBER RIFLE BULLETS

## Introduction

Thank you for choosing the TRIPLE SHOT X® 35 CALIBER RIFLE BULLETS. This guide provides essential safety instructions and guidelines to ensure the safe use of these products. Please read this guide carefully before using the bullets.

## General Safety Guidelines

- Ensure that you are familiar with local laws and regulations regarding the use of ammunition.
- Always treat all ammunition as if it is live and ready to fire.
- Store ammunition in a cool, dry place away from direct sunlight and heat sources.
- Keep ammunition out of reach of children and unauthorized persons.
- Regularly check for any signs of damage or corrosion on the bullets before use.
- Report any unsafe products or accidents to local authorities.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when handling or firing ammunition.
- Do not use damaged or corroded bullets, as they may pose a risk of malfunction.
- Ensure that your firearm is compatible with 35 caliber ammunition before use.
- Follow the manufacturer's guidelines for your firearm regarding loading and firing.
- Never exceed the recommended load specifications for your firearm.

## Instructions for Installation and Usage

### • Installation:

- Ensure your firearm is unloaded before handling the ammunition.
- Check the chamber and magazine for any obstructions.
- Load the bullets into the magazine according to the firearm's instructions.

### • Usage:

- Always point the firearm in a safe direction when loading and unloading.
- Follow all safety protocols as outlined by your firearm's manufacturer.
- When firing, maintain a firm grip on the firearm and be aware of your surroundings.
- After firing, check the firearm for any malfunctions or obstructions before reloading.

## Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular trash. Contact local waste management authorities for proper disposal methods.
- Ensure that all ammunition is stored safely until it can be disposed of properly.

## Contact Information for Further Support

If you have any questions or require further assistance, please refer to the manufacturer's contact information provided with the product packaging or visit the manufacturer's website for support resources.

## **Conclusion**

By following these safety guidelines and instructions, you can help ensure a safe and enjoyable experience with your TRIPLE SHOT X® 35 CALIBER RIFLE BULLETS. Always prioritize safety and remain informed about best practices for using ammunition. Thank you for your attention to these important safety measures.
