# CUSTOM GRADE HANDGUN 3DIE SETS 32 S&W LONG NITRIDE 3DIE SET Safety Instruction Guide

## Introduction

Thank you for choosing the CUSTOM GRADE HANDGUN 3DIE SETS 32 S&W LONG NITRIDE 3DIE SET by Hornady. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this document carefully before using the reloading set.

## General Safety Guidelines

- Always handle all reloading equipment with care and follow all safety instructions.
- Ensure that you are familiar with local laws concerning reloading and firearm usage.
- Store all reloading components, including dies and ammunition, in a secure location out of reach of children and unauthorized users.
- Inspect the reloading set and all components before use for any signs of damage or wear.
- Use protective eyewear and hearing protection when reloading.
- Keep your work area clean and organized to avoid accidents.

## Specific Safety Precautions for Use

- Before using the reloading dies, read the instructions provided by the manufacturer thoroughly.
- Do not exceed the recommended load specifications for any cartridge.
- Always use the correct die for the specific cartridge you are reloading.
- Avoid distractions while reloading to maintain focus and prevent mistakes.
- If you experience any issues or abnormalities during the reloading process, stop immediately and assess the situation.

## Instructions for Installation and Usage

### 1. Installation of the Dies:

- Ensure your reloading press is securely mounted on a stable surface.
- Insert the fulllength sizing die into the press and tighten it according to the manufacturer's specifications.
- Adjust the case mouth expander die and bullet seating die as needed, following the instructions provided in the product manual.

### 2. Using the Reloading Set:

- Begin by resizing the brass cases using the fulllength sizing die. Ensure that the sizing ring is clean and free of debris.
- Expand the case mouth using the adjustable case mouth expander die. Adjust the die to achieve the desired case mouth diameter.
- Insert the bullet into the case and use the bullet seating die to seat the bullet to the correct depth. Ensure that the seating die is adjusted correctly to avoid overseating or underseating the bullet.
- If desired, crimp the bullet using the crimping option provided in the seating die.

### 3. Final Inspection:

- Inspect each completed round for proper seating and crimping.

- Store completed ammunition in a safe and secure manner.

## **Disposal Instructions**

- Dispose of any damaged or unusable reloading components in accordance with local regulations.
- Do not throw away any components in regular household waste. Check for local hazardous waste disposal options if necessary.
- Ensure that all used ammunition cases are disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the CUSTOM GRADE HANDGUN 3DIE SETS 32 S&W LONG NITRIDE 3DIE SET, please refer to the contact information provided by the manufacturer. It is important to seek assistance from qualified personnel for any safety inquiries.

## **Conclusion**

By following these safety instructions and guidelines, you can ensure a safe and effective reloading experience with your CUSTOM GRADE HANDGUN 3DIE SETS 32 S&W LONG NITRIDE 3DIE SET. Always prioritize safety and adhere to all relevant regulations during the reloading process. Thank you for your attention to these important guidelines.
