

3-DIE HANDGUN SETS - REDDING 38 SPEC/357 MAG 3-DIE SET

[Reloading](#) > [Reloading Dies](#) > [Handgun Dies](#)

Redding Die Sets for Handgun cases contain three dies. This is necessary because it is not possible to full length resize straight wall cases and expand the neck for proper bullet fit in one operation. The full length die contains a decapping rod assembly. The expander die contains a neck expanding plug. The seating die includes bullet guide, built-in crimp ring and the proper seating plug.

3DIE HANDGUN SETS REDDING 38 SPEC/357 MAG

3DIE SET Safety Instruction Guide

Introduction

Thank you for choosing the Redding 3DIE HANDGUN SETS for 38 Special and 357 Magnum. This guide provides important safety instructions to ensure the safe use of this product. Please read this document carefully before using the die set.

General Safety Guidelines

- Ensure that the die set is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection and hearing protection, when operating the die set.
- Keep the work area clean and free of clutter to avoid accidents.
- Store the die set in a dry and secure place, out of reach of children and unauthorized users.
- Regularly inspect the die set for any signs of wear or damage. Do not use damaged dies.
- Follow all local laws and regulations regarding the use of reloading equipment.

Specific Safety Precautions for Use

- Do not attempt to resize or expand cases that are not compatible with the 3DIE HANDGUN SET.
- Always ensure that the decapping rod assembly is properly installed before use.
- Use the expander die only for neck expansion; do not use it for resizing.
- When using the seating die, ensure the bullet guide and crimp ring are correctly adjusted to avoid improper seating.
- Never look directly into the die while operating it.
- Ensure that the work surface is stable and secure when using the die set.
- Keep hands and body parts away from moving parts to prevent injury.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials, including the die set, reloading press, and components (cases, bullets, powder).
- Ensure that the workspace is welllit and organized.

2. Installing the Dies:

- Secure the full length die into the reloading press, ensuring it is tightened properly.
- Insert the decapping rod assembly into the full length die.
- Install the expander die next, ensuring the neck expanding plug is correctly positioned.
- Finally, install the seating die, making sure the bullet guide and crimp ring are adjusted according to your specifications.

3. Using the Dies:

- Begin with the full length die to resize the straight wall cases.
- Follow with the expander die to expand the neck of the cases for proper bullet fit.
- Use the seating die to seat the bullets, ensuring that the crimp ring is applied correctly to secure the bullet in place.

4. PostUse:

- Clean the dies after use to remove any residue and prevent corrosion.
- Store the dies in their original packaging or a secure container to protect them from damage.

Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Recycle materials where possible, and do not dispose of them in regular household waste.

Contact Information for Further Support

For any safety inquiries or concerns regarding the Redding 3DIE HANDGUN SET, please contact your local retailer or the manufacturer directly. Ensure to have your product details handy for reference.

By following these safety instructions, you can ensure a safer reloading experience with your Redding 3DIE HANDGUN SET. Thank you for your attention to these important guidelines.
