

GAS CHECKS - 375 CALIBER GAS CHECKS 1,000/BOX

[Reloading](#) > [Bullet Casting](#) > [Gas Checks](#)

If you cast your own bullets, Hornady's crimp-on gas checks will enhance their performance. During sizing, the gas check crimps to the base of cast lead bullets to seal gasses and protect the base from deformation. Hornady gas checks are the only real choice for bullet casters. Packaged 1000 per box.

Attributes

Safety Instruction Guide for Hornady 375 Caliber Gas Checks

Introduction

Thank you for choosing Hornady 375 Caliber Gas Checks. These crimp gas checks are designed to enhance the performance of your cast lead bullets. This safety instruction guide provides essential information to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

General Safety Guidelines

- **Product Safety:** Ensure safe use of Hornady gas checks by following these guidelines.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices regarding this product.
- **Online Shopping:** If purchased online, ensure the platform meets safety requirements.
- **Special Consumer Focus:** Extra caution is advised when using this product around vulnerable groups, such as children.
- **EU Contact Point:** For safety inquiries, refer to the EU-based contact provided by the retailer.
- **Rapid Alerts:** Regularly check the EU's Safety Gate platform for updates on unsafe products.

Specific Safety Precautions for Use

- Always wear appropriate protective gear, including safety glasses and gloves, when handling lead and gas checks.
- Keep gas checks out of reach of children and pets to prevent accidental ingestion.
- Ensure proper ventilation in your workspace to avoid inhalation of any fumes during the casting process.
- Inspect gas checks for any damage before use. Do not use damaged gas checks, as they may compromise performance and safety.
- Do not exceed recommended temperatures when using gas checks with lead bullets to avoid deformation.

Instructions for Installation and Usage

1. Preparation:

- Ensure your workspace is clean and organized.
- Gather all necessary tools and materials, including your lead bullets and gas checks.

2. Installation:

- Place the gas check on the base of the cast lead bullet.
- Use a sizing die to crimp the gas check securely to the bullet base.
- Ensure the gas check is properly seated to prevent gas leakage during firing.

3. Usage:

- Follow safe reloading practices when using these gas checks with your ammunition.
- Store completed ammunition in a safe and secure location, away from children and unauthorized users.
- Regularly check your ammunition for signs of wear or damage before use.

Disposal Instructions

- Dispose of any unused or damaged gas checks in accordance with local regulations for hazardous waste.
- Avoid throwing gas checks in regular household waste. Check with local authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the use of Hornady 375 Caliber Gas Checks, please refer to the contact information provided by your retailer or manufacturer. Ensure you have the product details at hand for efficient assistance.

By following these safety instructions, you can ensure a safe and effective experience with Hornady 375 Caliber Gas Checks. Thank you for your attention to safety!
