

# LOCK-N-LOAD CASE PREP TRIO - LARGE PRIMER REAMER HEAD

[Reloading](#) > [Case Preparation](#) > [Primer Pocket Tools](#) > [Reamers & Swagers](#)

The Case Prep Trio is one of Hornady's latest innovations to help you reduce the time spent preparing your brass, so you can spend more time at the range. This durable, three-in-one tool has a high-torque, low-speed motor powering separate tools to chamfer, deburr, and clean primer pockets at one, easy-to-use station. Inside and outside chamfer and deburring tools are provided, along with additional storage for pocket reamers, case neck brushes, or any other 8-32 thread tools (sold separately).

# LOCKNLOAD CASE PREP TRIO LARGE PRIMER REAMER HEAD Safety Instruction Guide

## Introduction

Thank you for choosing the LOCKNLOAD CASE PREP TRIO LARGE PRIMER REAMER HEAD by Hornady. This innovative tool is designed to help you prepare your brass efficiently and safely. Please read this safety instruction guide carefully to ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is used only for its intended purpose as described in the product manual.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear before use.
- Always follow the manufacturer's instructions for setup, usage, and maintenance.
- Report any unsafe conditions or accidents to the appropriate authorities immediately.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.

## Specific Safety Precautions for Use

- Always wear appropriate personal protective equipment (PPE), including safety glasses and gloves, when using the tool.
- Do not operate the tool in wet or damp conditions to prevent electrical hazards.
- Ensure that the power source matches the specifications of the tool (110V or 220V).
- Never leave the tool unattended while it is plugged in or in operation.
- Disconnect the power supply before changing tools or performing maintenance.
- Avoid wearing loose clothing or jewelry that may get caught in the moving parts of the tool.
- Be aware of your surroundings and ensure that no one is in close proximity while you are using the tool.

## Instructions for Installation and Usage

### 1. Unboxing and Inspection

- Carefully remove the tool from its packaging.
- Inspect the tool for any visible damage or missing parts. Do not use if any parts are damaged.

### 2. Setup

- Place the tool on a stable, flat surface to ensure it does not tip over during use.
- Connect the power supply to the tool, ensuring the voltage matches the specifications (110V or 220V).

### 3. Using the Tool

- Familiarize yourself with the different functions of the tool: chamfering, deburring, and cleaning primer pockets.
- Select the appropriate tool for the task at hand and securely attach it to the tool's motor.
- Turn on the tool using the power switch and allow it to reach the appropriate speed before introducing the brass.
- Gently insert the brass into the appropriate station and allow the tool to perform its function.
- Once finished, turn off the tool and disconnect the power supply before removing the brass.

#### **4. Maintenance**

- Regularly clean the tool to ensure optimal performance and longevity.
- Store the tool in a dry place when not in use.

### **Disposal Instructions**

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not dispose of the tool in household waste. Instead, take it to a designated electronic waste recycling facility.

### **Contact Information for Further Support**

For any inquiries regarding safety or usage of the LOCKNLOAD CASE PREP TRIO LARGE PRIMER REAMER HEAD, please contact the manufacturer's support team. Ensure you have the product details ready for a more efficient response.

Thank you for prioritizing safety while using the LOCKNLOAD CASE PREP TRIO LARGE PRIMER REAMER HEAD. Enjoy your time at the range!
