

# LOCK-N-LOAD CASE PREP TRIO - SMALL PRIMER CLEANER HEAD

[Reloading](#) > [Case Preparation](#) > [Primer Pocket Tools](#) > [Reamers & Swagers](#)

The Case Prep Trio is one of Hornady's latest innovations to help you reduce the time spent preparing your brass, so you can spend more time at the range. This durable, three-in-one tool has a high-torque, low-speed motor powering separate tools to chamfer, deburr, and clean primer pockets at one, easy-to-use station. Inside and outside chamfer and deburring tools are provided, along with additional storage for pocket reamers, case neck brushes, or any other 8-32 thread tools (sold separately).

# LOCKNLOAD CASE PREP TRIO SMALL PRIMER CLEANER HEAD Safety Instruction Guide

## Introduction

Thank you for choosing the LOCKNLOAD CASE PREP TRIO SMALL PRIMER CLEANER HEAD by Hornady. This innovative tool is designed to enhance your brass preparation process, allowing you to spend more time at the range. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose as described in the product specifications.
- Always operate the tool in a dry environment to prevent electrical hazards.
- Keep the tool out of reach of children and vulnerable individuals.
- Regularly inspect the tool for any signs of damage or wear. Do not use if damaged.
- Follow local regulations regarding the disposal of electrical and electronic equipment.

## Specific Safety Precautions for Use

### • Electrical Safety:

- Use the product only with the specified voltage (110V or 220V).
- Always unplug the tool when not in use or before cleaning.
- Do not operate the tool with wet hands or in damp conditions.

### • Operational Safety:

- Always wear safety goggles to protect your eyes from debris while using the tool.
- Keep hands and loose clothing away from moving parts during operation.
- Do not attempt to modify or repair the tool yourself. Seek professional assistance if repairs are needed.

### • Storage Safety:

- Store the tool in a cool, dry place, away from direct sunlight and moisture.
- Ensure that all attachments and accessories are stored securely to prevent accidents.

## Instructions for Installation and Usage

### 1. Unpacking:

- Carefully remove the tool and all included components from the packaging.
- Inspect the contents for any visible damage or missing parts.

### 2. Setting Up the Tool:

- Place the tool on a stable, flat surface.
- Ensure that the power switch is in the "off" position before plugging it in.
- Connect the tool to a compatible power source (110V or 220V).

### 3. Using the Tool:

- Select the appropriate tool attachment for your task (chamfer, deburr, or clean primer pockets).
- Turn the power switch to the "on" position and allow the tool to reach its operating speed.
- Gently insert the brass case into the designated area for the selected operation.
- After completing the operation, turn the tool off and unplug it from the power source.

#### 4. Cleaning and Maintenance:

- After each use, clean the tool with a soft, dry cloth to remove any debris.
- Store attachments and accessories in the provided storage area to keep them organized.

## Disposal Instructions

- Dispose of the product in accordance with local regulations for electrical and electronic waste.
- Do not dispose of the product with regular household waste.
- Consult your local waste management authority for guidance on proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or additional support, please contact your local Hornady representative or refer to the product's user manual for further assistance.

By following these safety instructions, you can ensure a safe and effective experience with the LOCKNLOAD CASE PREP TRIO SMALL PRIMER CLEANER HEAD. Thank you for prioritizing safety while using this innovative tool.
