

# IMPERIAL BIO-GREEN CASE LUBE - REDDING IMPERIAL BIO GREEN CASE LUBE

[Reloading](#) > [Case Preparation](#) > [Case Lube](#)

Redding's petroleum-free, organically-based sizing lube is not only highly effective for its intended purpose but completely biodegradable and renewable. Imperial Bio-Green can be used with any pad-type lubricant applicator and provides outstanding lubrication. Won't stain brass and water soluble, so brass treated with Bio-Green cleans up quickly in your ultrasonic cleaner.

# Safety Instruction Guide for Redding Imperial BioGreen Case Lube

## Introduction

Thank you for choosing Redding Imperial BioGreen Case Lube. This product is designed to provide effective lubrication for your reloading needs while being environmentally friendly. This guide will help you understand how to use this product safely and responsibly, in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always read and follow the instructions provided with the product.
- Store the product in a cool, dry place away from direct sunlight.
- Keep out of reach of children and pets.
- Use the product only for its intended purpose as a case lube.
- If you experience any adverse reactions, discontinue use and seek medical advice.
- Report any unsafe conditions or accidents to local authorities.

## Specific Safety Precautions for Use

- Ensure good ventilation when using the product to avoid inhalation of vapors.
- Avoid contact with skin and eyes. In case of contact, rinse thoroughly with water.
- Do not ingest the product. If ingested, seek medical attention immediately.
- Use protective gloves if you have sensitive skin or are prone to allergic reactions.
- Dispose of any excess product according to local regulations.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your work area is clean and free from clutter.
- Gather all necessary tools and materials, including a padtype lubricant applicator.

### 2. Application:

- Shake the bottle before use to ensure even distribution of the lubricant.
- Apply a small amount of Imperial BioGreen Case Lube to the padtype applicator.
- Lightly coat the brass cases with the lubricant, ensuring even coverage without excess.

### 3. Reloading:

- Proceed with your reloading process as per your standard operating procedures.
- Monitor the lubrication of the cases; reapply as necessary.

### 4. Cleaning:

- After reloading, clean your brass cases using an ultrasonic cleaner with water.
- Imperial BioGreen is watersoluble and will not stain the brass.

## Disposal Instructions

- Dispose of any unused product and empty containers in accordance with local waste disposal regulations.

- Do not dispose of the product down the drain or in the environment.
- Check for any specific disposal guidelines provided by your local waste management authority.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's contact details provided on the product packaging.

By following these guidelines, you can ensure the safe and effective use of Redding Imperial BioGreen Case Lube while protecting yourself and the environment. Thank you for your attention to safety.
