

# TYPE S BUSHING NECK DIES - REDDING TYPE S BUSHING NECK DIE 26 NOSLER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

The Type S Bushing Neck Die provides reloaders with a simple means to precisely control case neck size and tension. Uses interchangeable sizing bushing available in .001" increments The adjustable decapping rod allows positioning the bushing to resize only a portion of the neck length if desired Concentricity is enhanced by the ability of the resizing bushing to self-center on the case neck. The decapping rod is supplied with a standard size button. This is especially useful for reloaders who are using commercial brass as is. A decapping pin retainer is also supplied with most Type S Bushing Dies except 17 and 20 Caliber This enables neck sizing without the use of the size button for those who sort and/or turn case necks for uniformity.

# Safety Instruction Guide for TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 26 NOSLER

## Introduction

Thank you for choosing the TYPE S BUSHING NECK DIES from Redding. This guide provides essential safety instructions to ensure safe and effective use of the product. Please read this document carefully before using the die to understand the safety measures and proper handling procedures.

## General Safety Guidelines

- **Product Safety:** Ensure safe use of the die by following all instructions and warnings provided in this guide.
- **Enhanced Recalls:** Be aware of the possibility of product recalls. Stay informed by checking official recall notices related to this product.
- **Online Shopping:** If purchased online, ensure that the retailer complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Extra care should be taken if the product is used by or around vulnerable groups, such as children.
- **EU Contact Point:** For any safety inquiries, refer to the appropriate EU-based contact for assistance.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Hazard Awareness:** Be aware of potential hazards when using the die, including:
  - Sharp edges on the die and components.
  - Risk of pinching or injury during assembly or disassembly.
  - Improper use leading to damage or malfunction of the die.
- **Protective Gear:** Always wear appropriate protective gear, such as safety glasses and gloves, when handling the die.
- **Work Environment:** Ensure that your workspace is clean, well-lit, and free of distractions while using the die.
- **Supervision:** If the die is to be used by inexperienced individuals, ensure that they are supervised by a knowledgeable person.

## Instructions for Installation and Usage

### 1. Preparation:

- Gather all necessary tools and components before starting.
- Ensure that the die is clean and free of debris.

### 2. Installation:

- Securely mount the die in a reloading press according to the manufacturer's instructions.
- Ensure that the decapping rod is properly adjusted and the sizing bushing is in place.

### 3. Usage:

- Insert the case into the die and follow the reloading process as per your reloading manual.

- Adjust the sizing bushing as needed to achieve the desired neck tension.
- When resizing only a portion of the neck, carefully position the bushing to avoid resizing the entire neck length.

#### **4. Decapping:**

- Use the supplied decapping rod and button for removing spent primers.
- If you are neck sizing without the size button, ensure that the decapping pin retainer is correctly installed.

#### **5. PostUsage Care:**

- After use, clean the die and store it in a safe place to avoid damage and ensure longevity.

## **Disposal Instructions**

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not dispose of the die in regular household waste. Instead, check for recycling options or designated disposal sites for metal components.

## **Contact Information for Further Support**

For any questions or concerns regarding the use or safety of the TYPE S BUSHING NECK DIES, please refer to the manufacturer's contact information provided with the product packaging or on the manufacturer's website.

By following these safety instructions, you can ensure a safe and effective reloading experience with the TYPE S BUSHING NECK DIES REDDING TYPE S BUSHING NECK DIE 26 NOSLER. Always prioritize safety and refer to this guide whenever needed.
