

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 28 NOSLER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

## Attributes

- Name: [REDDING COMPETITION BUSHING NECK DIE 28 NOSLER](#)
- Manufacturer: [REDDING](#)
- Product no.: 749015878
- Mfr. No.: 56790

# Safety Instruction Guide for Redding Competition Bushing Neck Die 28 Nosler

## Introduction

Thank you for purchasing the Redding Competition Bushing Neck Die for 28 Nosler. This guide provides important safety information, usage instructions, and disposal guidelines to ensure safe and effective use of this product. Please read this guide carefully before using the die.

## General Safety Guidelines

- Ensure safe use of the die by following all instructions and safety precautions.
- Be aware of potential hazards associated with reloading and handling ammunition.
- Always keep the die out of reach of children and vulnerable individuals.
- Regularly check for product recalls or safety updates via the EU Safety Gate platform.
- Report any unsafe products or accidents to the relevant authorities.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, including safety glasses and gloves, when using the die.
- Ensure that your workspace is clean, organized, and free from distractions.
- Do not exceed the recommended specifications for cartridge cases when using the die.
- Always inspect the die for damage or wear before each use. Do not use if damaged.
- Keep hands and body clear of the die and moving parts during operation.
- Use the die only for its intended purpose as specified in this guide.

## Instructions for Installation and Usage

### 1. Installation

- Carefully unpack the die and all components from the packaging.
- Ensure that all parts are present and in good condition.
- Install the die into your reloading press according to the manufacturer's instructions.
- Adjust the die to the desired position, ensuring it is securely tightened.

### 2. Usage

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert the cartridge case into the die, ensuring it is properly aligned.
- Begin the resizing process by operating the reloading press slowly and steadily.
- Monitor the operation closely to ensure the cartridge case remains properly supported.
- After resizing, remove the cartridge case and inspect it for proper dimensions and integrity.
- Repeat the process as necessary for additional cases.

## Disposal Instructions

- Dispose of any damaged or unusable components in accordance with local regulations.
- Do not discard the die in regular household waste. Check for local recycling programs or hazardous waste disposal options.
- Ensure that all packaging materials are disposed of responsibly.

## **Contact Information for Further Support**

For any questions or concerns regarding the use of the Redding Competition Bushing Neck Die, please refer to the manufacturer's contact information provided in the product packaging or visit the official website for more resources.

By following these safety instructions, you can ensure a safe and effective reloading experience. Thank you for choosing Redding products.
