

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION NECK DIE 30 NOSLER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

# Safety Instruction Guide for Redding Competition Neck Die 30 Nosler

## Introduction

Thank you for choosing the Redding Competition Neck Die 30 Nosler. This guide provides essential safety instructions and guidelines to ensure safe and effective use of the product. Please read this manual thoroughly before using the die to avoid any hazards and to maximize your experience.

## General Safety Guidelines

- Ensure that the die is used only for its intended purpose as specified in this manual.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the workspace clean and organized to prevent accidents.
- Store the die in a dry and secure location, away from children and pets.
- Regularly inspect the die for any signs of damage or wear before each use.
- Dispose of any defective or damaged components responsibly.

## Specific Safety Precautions for Use

- Do not exceed the recommended load specifications when reloading ammunition.
- Always follow the manufacturer's guidelines for the cartridge and components being used.
- Ensure that the die is properly installed in the reloading press before use.
- Avoid direct contact with the resizing bushing while in operation to prevent injury.
- Be cautious of any sharp edges or components that may cause cuts or abrasions.
- If you are inexperienced with reloading, seek guidance from a knowledgeable individual or professional.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the Redding Competition Neck Die in your reloading press according to the manufacturer's instructions.
- Ensure that the die is tightened properly to prevent movement during operation.

### 2. Usage:

- Prepare your cartridge cases by cleaning and inspecting them for defects.
- Insert the cartridge case into the die, ensuring it is fully seated and aligned.
- Adjust the micrometer to the desired neck length for resizing.
- Begin the resizing process by operating the reloading press slowly and steadily.
- After resizing, carefully remove the cartridge case from the die.
- Inspect the resized case for quality and consistency.

## Disposal Instructions

- Dispose of any defective or damaged dies and components in accordance with local regulations.
- Recycle materials where possible, and ensure that hazardous materials are handled appropriately.

## Contact Information for Further Support

For any safety inquiries or further assistance, please refer to the product packaging or the manufacturer's

website for contact details. Always ensure that you have the necessary information before using the die.

Thank you for following these safety instructions. Your safety is our priority, and we hope you enjoy using the Redding Competition Neck Die 30 Nosler responsibly and effectively.
