

# COMPETITION BUSHING NECK DIES - REDDING COMPETITION BUSHING NECK DIE 22 NOSLER

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

Similar in design concept to Reddings Competition Seating Die, the cartridge case is completely supported and aligned with the sizing bushing before the sizing process begins. As the sizing process starts, the cartridge case remains supported in the tightly chambered, sliding sleeve as it moves upward while the resizing bushing self-centers on the case neck. The decapping rod is maintained in precise alignment by using the internal parts of the die as a linear support much like that of a firing pin. Meanwhile, the micrometer adjustment of the bushing position delivers precise control to the desired amount of neck length to be sized. These dies were designed for use by Competition Shooters who have meticulously prepared their cartridge cases and do not wish to use a sizing button, however, carbide size button kits are available separately. Bushings and shellholders sold separately

# Safety Instruction Guide for Redding Competition Bushing Neck Die 22 Nosler

## Introduction

Thank you for choosing the Redding Competition Bushing Neck Die 22 Nosler. This product is designed for precision reloading and is intended for use by competition shooters. To ensure safe usage and optimal performance, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always wear appropriate eye protection when using reloading equipment.
- Keep all reloading components out of reach of children and unauthorized users.
- Ensure that your workspace is clean, welllit, and free from distractions.
- Read all instructions and warnings provided with the product before use.
- Do not attempt to modify the die or any components.
- Use only compatible cartridges as specified in the product description.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Ensure that the die is securely mounted to the reloading press before use.
- Verify that the cartridge case is clean and free from obstructions before inserting it into the die.
- Do not exceed the recommended load specifications for the cartridge being sized.
- Use only the specified bushing sizes for the cartridge neck being resized.
- Avoid using excessive force during the resizing process to prevent damage to the die or cartridge case.
- Regularly inspect the die and its components for wear and damage.

## Instructions for Installation and Usage

### 1. Installation of the Die:

- Securely attach the Redding Competition Bushing Neck Die to the reloading press according to the manufacturer's instructions.
- Ensure that the die is properly aligned with the press ram for smooth operation.

### 2. Preparing the Cartridge Case:

- Clean the cartridge case thoroughly to remove any dirt or debris.
- Inspect the case for any signs of damage or wear before use.

### 3. Sizing Process:

- Insert the cartridge case into the die, ensuring it is fully seated.
- Adjust the micrometer to the desired neck length to be sized.
- Slowly operate the press handle to begin the resizing process. Ensure that the cartridge case remains supported.
- After resizing, remove the cartridge case from the die and inspect it for proper sizing.

### 4. Decapping:

- The die includes a decapping rod that should remain aligned during operation. Ensure that it is functioning correctly.

- Dispose of any spent primers in accordance with local regulations.

## **Disposal Instructions**

- Dispose of any used or damaged components in accordance with local waste disposal regulations.
- Do not dispose of the die or its components in household trash. Follow local guidelines for hazardous waste disposal if applicable.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the Redding Competition Bushing Neck Die, please refer to the official Redding website or contact your local distributor for support.

By following these safety instructions, you can ensure a safe and effective reloading experience with the Redding Competition Bushing Neck Die 22 Nosler. Thank you for your commitment to safety and precision in your reloading practices.
