

6MM CREEDMOOR SMALL PRIMER BRASS - STARLINE 6MM CRD SM PRIMR BRASS 100/BAG

[Reloading](#) > [Brass](#) > [Rifle Brass](#)

The 6mm Creedmoor is the little brother to the very popular 6.5 Creedmoor. It has similar ballistics to the .243 Winchester, but its shorter length allows long, heavy bullets to be seated in the magazine. This caliber is an excellent choice for hunting, but its popularity was gained as a competition cartridge. Some of the new competitions, such as the Precision Rifle Series, require a lot of shooting and this cartridge is light recoiling making spotting hits and misses easier for the shooter. This brass features a Small Primer pocket and small flashhole for use with Small Rifle Primers allowing loaders to squeeze more velocity and pressure out of the cartridge without primer pockets getting loose quickly. Reloaders should change out their decapping pins to those of a smaller diameter to prevent issues when decapping.

Attributes

- Name: [STARLINE 6MM CRD SM PRIMR BRASS 100/BAG](#)
- Manufacturer: [STARLINE](#)
- Product no.: 749018163
- Mfr. No.: 3270
- Cartridge: 6mm Creedmoor

Safety Instruction Guide for 6MM Creedmoor Small Primer Brass

Introduction

Thank you for choosing the 6MM Creedmoor Small Primer Brass from Starline. This product is designed for reloading ammunition and offers excellent performance for both hunting and competitive shooting. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always treat all ammunition components as if they are live.
- Store brass and other reloading components in a cool, dry place, away from direct sunlight.
- Keep all reloading materials out of reach of children and pets.
- Use personal protective equipment (PPE) such as safety glasses and gloves when handling brass and reloading materials.
- Familiarize yourself with local laws and regulations regarding ammunition reloading and usage.
- Regularly check for any product recalls or safety alerts through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that you are using the correct components for your specific firearm and reloading setup.
- Check the brass for any signs of damage or wear before use. Do not use damaged brass.
- When decapping, switch to smaller diameter decapping pins to avoid issues with small primer pockets.
- Avoid overloading your cartridges; adhere to recommended load data for safety and performance.
- Be aware of the potential for primer ignition when handling brass. Always handle with care.
- Do not exceed the recommended maximum pressure limits for your specific load.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary reloading equipment and components, including the 6MM Creedmoor brass, small rifle primers, powder, and projectiles.
- Ensure your reloading workspace is clean and organized.

2. Reloading Process:

- Inspect brass cases for cleanliness and integrity.
- Resize the brass using an appropriate resizing die.
- Clean the primer pocket to ensure proper seating of the small primer.
- Use a powder measure to dispense the correct amount of powder into each case.
- Seat the projectile firmly into the case mouth, ensuring it is aligned properly.

3. PostReloading:

- Inspect all completed cartridges for any irregularities.
- Store completed cartridges in a safe and secure location.

Disposal Instructions

- Dispose of any damaged or unusable brass in accordance with local regulations.
- Do not throw brass in regular trash; consider recycling options for metal materials.

- Follow local guidelines for the disposal of primers and powder, as they may be considered hazardous waste.

Contact Information for Further Support

For any questions or concerns regarding the safety and use of the 6MM Creedmoor Small Primer Brass, please refer to the EU's Safety Gate platform for updates and additional resources. Always ensure you are informed about the latest safety guidelines and product recalls.

Thank you for prioritizing safety in your reloading practices. Enjoy your shooting experience!
