

MATCHKING 6.5MM (0.264") BULLETS - SIERRA BULLETS

MATCHKING 6.5MM (.264") 130GR HOLLOW POINT BOAT TAIL

100/BOX

[Reloading](#) > [Bullets](#) > [Rifle Bullets](#)

MatchKing Bullets are the classification for Sierra's pre-eminent target bullets. The driving motivation for the design of each MatchKing bullet is accuracy. These bullets have very thin jackets drawn to an exacting concentricity standard of 0.0003 in maximum variation, and their weight is held to within \pm 0.3 grain. All MatchKing have a hollow point design with a very small meplat for high ballistic coefficient. The majority of these bullets have a boat tail shape to further minimize drag and improve ballistic coefficient. They are manufactured to the very highest quality standards. Their accuracy has been acclaimed worldwide, and they have been used to win more target competitions than all target bullets from other manufacturers combined. While they are recognized around the world for record-setting accuracy, MatchKing® bullets are not recommended for most hunting applications.

Attributes

- Name: [SIERRA BULLETS MATCHKING 6.5MM \(.264"\) 130GR HOLLOW POINT BOAT TAIL 100/BOX](#)
- Manufacturer: [SIERRA BULLETS](#)
- Product no.: 749019111

Safety Instruction Guide for MATCHKING 6.5MM Bullets

Introduction

Thank you for choosing MATCHKING 6.5MM (0.264") Bullets by Sierra Bullets. This guide provides essential safety instructions and guidelines to ensure the safe use of these highprecision ammunition products. Please read this guide carefully to understand how to handle and use the bullets safely and responsibly.

General Safety Guidelines

- Ensure that the MATCHKING 6.5MM Bullets are stored in a cool, dry place away from direct sunlight and moisture.
- Always keep ammunition out of reach of children and unauthorized users.
- Use proper eye and ear protection when handling or firing firearms.
- Do not use damaged or altered bullets. Inspect for any visible defects before use.
- Follow all local laws and regulations regarding the purchase, possession, and use of ammunition.
- Report any unsafe products or incidents to local authorities immediately.
- Check the EU's Safety Gate platform for updates on recalls and safety information.

Specific Safety Precautions for Use

- Only use the MATCHKING 6.5MM Bullets in firearms that are specifically chambered for 6.5mm ammunition.
- Ensure that your firearm is in good working condition and has been properly maintained.
- Do not exceed the recommended load specifications for your specific firearm.
- Always follow the manufacturer's instructions for your firearm when loading and firing.
- Avoid using these bullets in situations where ricochets or other hazards may occur.
- Be aware of your surroundings and ensure that the area is safe for shooting.

Instructions for Installation and Usage

• Installation:

- Verify that your firearm is unloaded before beginning any installation process.
- Inspect the MATCHKING 6.5MM Bullets for any signs of damage.
- Load the bullets into the magazine or chamber according to your firearm's manual.

• Usage:

- Always point the firearm in a safe direction when loading or unloading.
- Engage the safety mechanism of your firearm until you are ready to shoot.
- Fire the bullets in a controlled environment where you have a proper backstop.
- After shooting, ensure the firearm is unloaded before handling or cleaning.

Disposal Instructions

- Do not dispose of unused or spent ammunition in regular trash.
- Follow local regulations for the disposal of hazardous materials, including ammunition.
- Contact local authorities or waste management services for guidance on proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the MATCHKING 6.5MM Bullets, please consult your retailer or the manufacturer's website for additional support and information.

Thank you for your attention to these safety guidelines. Your safety and the safety of others depends on responsible handling and usage of ammunition.
