

# TYPE-S ELITE BUSHING DIE SET - REDDING 300 WEATHERBY MAGNUM BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

# **Safety Instruction Guide for TYPES ELITE BUSHING DIE SET REDDING 300 WEATHERBY MAGNUM BUSHING DIE SET**

## **Introduction**

Thank you for choosing the TYPES ELITE BUSHING DIE SET. This guide provides important safety instructions and precautions to ensure the safe use and handling of this product. Please read this guide carefully before using the die set.

## **General Safety Guidelines**

- Always ensure that you are using the die set in accordance with the manufacturer's instructions.
- Inspect the die set for any damage or defects before use. Do not use the product if it is damaged.
- Keep the die set out of reach of children and vulnerable individuals.
- Use the die set only for its intended purpose, which is reloading ammunition for the 300 Weatherby Magnum cartridge.
- Ensure that your workspace is clean, dry, and welllit when using the die set.
- Wear appropriate safety gear, including safety glasses and gloves, when handling reloading equipment and materials.

## **Specific Safety Precautions for Use**

- Handle all components of the die set with care. Sharp edges may be present, which can cause injury.
- Ensure that the bushing is securely installed before using the fulllength sizing die or neck sizing die.
- Avoid overworking the brass in the case neck to prevent damage to the material.
- Be cautious when adjusting the neck tension. Make small adjustments to avoid excessive tension.
- Always follow safe reloading practices, including verifying powder charges and using appropriate components.
- Store the die set in a safe location when not in use to prevent accidental injury.

## **Instructions for Installation and Usage**

### **1. Unpacking the Die Set**

- Carefully remove the die set from its packaging.
- Inspect all components for any visible damage or defects.

### **2. Installation of the Die Set**

- Secure the bushing full sizing die into the reloading press according to the manufacturer's instructions.
- Insert the bushing neck sizing die into the press, ensuring it is properly aligned.
- Install the competition seating die following the same procedure.

### **3. Using the Die Set**

- Confirm that the bushing is the correct size for the neck diameter of the cartridge being reloaded.
- Adjust the bushing as necessary to achieve the desired neck tension.
- Follow the reloading process stepbystep, ensuring that all safety precautions are adhered to.

### **4. PostUse Care**

- Clean the die set after each use to remove any residue or debris.
- Store the die set in a protective case to prevent damage.

## **Disposal Instructions**

- Dispose of any damaged or worn components of the die set in accordance with local regulations.
- Do not dispose of the die set in regular household waste. Check with local authorities for proper disposal methods for metal and reloading equipment.

## **Contact Information for Further Support**

For any questions or concerns regarding the TYPES ELITE BUSHING DIE SET, please refer to the manufacturer's contact information provided with your product.

## **Conclusion**

By following these safety guidelines and instructions, you can ensure a safe and effective reloading experience with your TYPES ELITE BUSHING DIE SET. Always prioritize safety and adhere to best practices when handling reloading equipment. Thank you for your attention to these important safety measures.
