

# TYPE-S ELITE BUSHING DIE SET - REDDING 6MM PPC USA BUSHING DIE SET

[Reloading](#) > [Reloading Dies](#) > [Rifle Dies](#)

INCLUDES - Type S - Bushing Full Sizing Die Type S - Bushing Neck Sizing Die Competition Seating Die Redding Reloading Equipment has once again established a new die set based on customer feedback. The past few years you have seen the introduction of many new sets like the National Match, Master Hunter and the Premiums as a result of changing trends in the category and stated desires of the customer base. The latest, the Redding, Type S Elite die set is also a direct result of customer feedback and is available for 85 different cartridges. The Type S Elite set is comprised of a Type S Bushing Full Die, A Type S Bushing Neck Die and the unparalleled Redding Competition Seating Die. All Type-S dies use an interchangeable bushing to control neck diameter and tension to an increment of 0.001". Bushings are available in hardened steel but also are available with a TIN (Titanium Nitride) coating for even greater lubricity. This allows the handloader complete control and precision when setting the appropriate neck tension without fear of over working the brass in the case neck. These bushings are also free-floating to self-center on the case neck for a higher degree of sizing accuracy. These features provide not only an enhanced degree of control but significant improvements to consistency and accuracy of the final loaded rounds.

## Attributes

- Name: [REDDING 6MM PPC USA BUSHING DIE SET](#)

# Safety Instruction Guide for TYPES ELITE BUSHING DIE SET

## Introduction

Thank you for choosing the TYPES ELITE BUSHING DIE SET by Redding. This guide provides essential safety instructions and information to ensure the safe and effective use of your die set. Please read this guide carefully before using the product.

## General Safety Guidelines

- Ensure that the product is used only for its intended purpose.
- Always wear appropriate safety gear, including eye protection, when using reloading equipment.
- Keep the product out of reach of children and vulnerable individuals.
- Regularly inspect your equipment for signs of wear or damage before use.
- Report any unsafe products or incidents to the appropriate authorities.
- Stay informed about product recalls and safety updates through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Handling:** Always handle the dies with care. Avoid dropping or mishandling them to prevent damage.
- **Setup:** Ensure that the die set is securely mounted in the reloading press before use.
- **Lubrication:** Use appropriate lubricants as specified in the product instructions to avoid overworking the brass.
- **Neck Tension:** Adjust the bushing to control neck diameter and tension carefully to prevent case damage.
- **Ventilation:** Work in a wellventilated area to minimize exposure to dust and fumes generated during reloading.
- **Storage:** Store the die set in a dry, cool place to prevent corrosion and damage.

## Instructions for Installation and Usage

### 1. Installation:

- Securely mount the Type S Bushing Full Die and Type S Bushing Neck Die in your reloading press according to the manufacturer's instructions.
- Ensure that the dies are aligned correctly to avoid misalignment during operation.

### 2. Usage:

- **Full Sizing Die:** Use the Bushing Full Sizing Die to resize the brass cases. Ensure that the bushing is correctly selected for the desired neck tension.
- **Neck Sizing Die:** Use the Bushing Neck Sizing Die for cases that have already been fired in your firearm to maintain proper fit.
- **Seating Die:** Use the Competition Seating Die to accurately seat bullets to the desired depth. Adjust the seating depth carefully.

### 3. PostUse:

- Clean the dies after each use to remove any residue or debris.
- Inspect the bushings for wear and replace them if necessary.

## **Disposal Instructions**

- Dispose of any damaged or wornout components in accordance with local regulations.
- Recycle materials when possible, such as brass cases and packaging materials.

## **Contact Information for Further Support**

For any inquiries regarding safety or product support, please contact the manufacturer directly. Ensure that you have your product details ready for reference.

By following these safety instructions, you can ensure a safe and effective reloading experience with your TYPES ELITE BUSHING DIE SET. Thank you for prioritizing safety in your reloading practices.
