MEC Lead Charge Bar Progressive Press Safety Instruction Guide

Introduction

Thank you for choosing the MEC Lead Charge Bar Progressive Press. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this document carefully before using the charge bar.

General Safety Guidelines

- Ensure that the MEC Lead Charge Bar is used only with compatible MEC reloading presses.
- Always wear appropriate safety gear, including eye protection and gloves, when handling reloading equipment.
- Keep the work area clean and organized to prevent accidents.
- Store the charge bar in a dry place, away from moisture and extreme temperatures.
- Regularly inspect the charge bar for any signs of wear or damage before each use.
- Avoid distractions while reloading and maintain focus on the task at hand.
- Ensure that children and pets are kept away from the reloading area at all times.

Specific Safety Precautions for Use

- Always verify that the charge bar is securely attached to the reloading press before use.
- Do not exceed the recommended charge weight of 5/8 oz for lead shot.
- Avoid using the charge bar with steel shot unless specified, as it may require special handling.
- Do not attempt to modify or alter the charge bar in any way, as this may create safety hazards.
- If you experience any malfunctions or irregularities during use, stop immediately and consult the manufacturer.

Instructions for Installation and Usage

1. Installation:

- Disconnect the reloading press from any power source before installation.
- Remove the existing charge bar from the press by following the manufacturer's instructions.
- Align the MEC Lead Charge Bar with the mounting points on the press.
- Securely fasten the charge bar in place using the provided hardware.
- Doublecheck that the charge bar is firmly attached before proceeding.

2. Usage:

- Before beginning the reloading process, ensure that the work area is free of obstructions.
- Measure the desired shot charge using the MEC Lead Charge Bar.
- Follow the reloading press instructions to load the shot into the shell casing.
- After reloading, store any unused shot in a safe and secure manner.
- Clean the charge bar regularly to maintain optimal performance and prevent buildup of residue.

Disposal Instructions

- Dispose of any damaged or worn charge bars according to local regulations for metal recycling.
- Do not dispose of the charge bar in regular household waste.
- Ensure that all components are disposed of safely to prevent environmental harm.

Contact Information for Further Support

For any safety inquiries or further assistance regarding the MEC Lead Charge Bar, please consult the manufacturer's official website or customer support resources. It's important to have access to reliable information and guidance for your safety and the proper use of the product.

Thank you for your attention to these safety instructions. Your safety is our priority, and we wish you a safe and enjoyable reloading experience.
