

RIFLE CLEANING RODS - BORE TECH 22 CALIBER 44" CLEANING ROD

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The Bore Tech Proof Positive Bore Stix feature a proprietary alloy ferrule which eliminates any false indication of copper fouling in your bore. This paired with a new chemically resistant coating make the Proof Positive rods some of the finest available. Proof Positive Bore Stix feature caliber-specific steel cores with a cushioned ball bearing handle, which effortlessly follows your barrel rifling. The ergonomic, cushioned handle prevents any damage to your rifle stock. Proof Positive Jags sold separately. Here's a list of Proof Positive Bore Stix features: - Proprietary alloy and secondary treatment process eliminates false copper reading - As soft and safe as brass with exceptional strength to prevent damage during use - Female ended ferrule is machined to provide an edge-free transition between rod and Proof Positive Jag. Eliminates the need for adaptors. - Highly advanced rod coating that provides anti-wear characteristics and prevents debris from embedding - Ergonomic, cushioned handle with an unparalleled ball bearing system. All .17 & .20 caliber rods use 5-40 threads. All others are 8-32.

Safety Instruction Guide for Bore Tech 22 Caliber 44" Cleaning Rod

Introduction

Thank you for choosing the Bore Tech ProofPositive Bore Stix, 22 Caliber 44 inch Cleaning Rod. This guide provides essential safety instructions and guidelines to ensure the safe use of this product. Please read and understand all instructions before using the cleaning rod.

General Safety Guidelines

- Always use the cleaning rod in accordance with the manufacturer's instructions.
- Ensure that the cleaning rod is suitable for your firearm's caliber.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Inspect the cleaning rod for any damage or wear before each use.
- Do not use the cleaning rod for any purpose other than its intended use.
- Report any unsafe conditions or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Always point the cleaning rod in a safe direction when inserting or removing it from the firearm.
- Ensure that the firearm is unloaded before using the cleaning rod.
- Use protective eyewear when cleaning firearms to protect against potential debris.
- Avoid using excessive force when cleaning; this may damage the firearm or the cleaning rod.
- Do not leave the cleaning rod unattended while in use.
- Store the cleaning rod in a safe and dry place when not in use.

Instructions for Installation and Usage

• Installation:

1. Ensure the firearm is completely unloaded.
2. Select the appropriate cleaning attachment for your firearm caliber.
3. Attach the cleaning attachment securely to the end of the cleaning rod.

• Usage:

1. Insert the cleaning rod into the barrel of the firearm from the chamber end.
2. Gently push the cleaning rod through the barrel, using a smooth, steady motion.
3. Remove the rod from the barrel after cleaning, and inspect the cleaning attachment for any residue.
4. Repeat the process as necessary until the barrel is clean.
5. After cleaning, store the cleaning rod in a safe location.

Disposal Instructions

- Dispose of the cleaning rod in accordance with local regulations.
- Do not dispose of the cleaning rod in household waste if it is damaged or broken.
- Consider recycling the cleaning rod if possible, following local recycling guidelines.

Contact Information for Further Support

For any safety inquiries or further support regarding the Bore Tech 22 Caliber 44" Cleaning Rod, please refer to the manufacturer's contact information provided on the packaging or product insert.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your Bore Tech cleaning rod. Thank you for prioritizing safety and responsible firearm maintenance.
