

#3 MUZZLE BRAKE 22 CALIBER - SHREWD #3 MUZZLE BRAKE 22 CALIBER 5/8-24 SS SILVER

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Multi-port brake softens felt recoil and reduces muzzle rise. A single expansion chamber and 42 total ports, 21 on each side, angled 7° forward, provide maximum recoil control. Gunsmithing required. Comes with a .220" (nominal) diameter exit hole that must be opened up to .020" larger than bullet diameter. Can be enlarged to allow bullets up to .44 caliber. Rear exterior of comp can be machined to conform to barrel.

Safety Instruction Guide for #3 Muzzle Brake 22 Caliber Shrewd

Introduction

Thank you for choosing the #3 Muzzle Brake 22 Caliber Shrewd. This product is designed to enhance your shooting experience by reducing recoil and muzzle rise. It is important to follow the safety guidelines and instructions provided in this manual to ensure safe and effective use.

General Safety Guidelines

- Always handle firearms and accessories with care and respect.
- Ensure that the muzzle brake is compatible with your firearm before installation.
- Always wear appropriate safety gear, including eye and ear protection, when using firearms.
- Keep the muzzle brake and all firearms out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for any signs of wear or damage before use.
- Follow all local laws and regulations regarding the use of firearms and accessories.

Specific Safety Precautions for Use

- The muzzle brake is designed for use with .22 caliber firearms only. Do not use with larger calibers unless properly modified.
- Ensure that the exit hole is enlarged to the appropriate size for your specific bullet diameter before use.
- Gunsmithing is required for installation. If you are not experienced, seek professional assistance.
- Do not attempt to modify or alter the muzzle brake beyond the manufacturer's specifications.
- Use only ammunition that is compatible with your firearm and muzzle brake.
- Always ensure the firearm is pointed in a safe direction when installing or removing the muzzle brake.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Gather necessary tools for installation, including a wrench and any required measuring tools.

2. Installation:

- Remove the existing muzzle device from your firearm if applicable.
- Clean the threads on the barrel to ensure a secure fit.
- Carefully screw the muzzle brake onto the barrel, aligning it properly.
- Use a wrench to tighten the muzzle brake securely, but avoid overtightening, which could damage the brake or barrel.
- Verify that the muzzle brake is properly installed and secure before use.

3. Usage:

- When ready to shoot, ensure that all safety precautions are followed.
- Fire the weapon in a controlled environment, ensuring that you are aware of your surroundings.
- After shooting, inspect the muzzle brake for any signs of damage or excessive wear.

Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations.
- Do not dispose of the muzzle brake in regular household waste.
- If the muzzle brake is damaged or no longer usable, consider recycling the material if possible.

Contact Information for Further Support

For any questions or concerns regarding the use of the #3 Muzzle Brake 22 Caliber Shrewd, please refer to the manufacturer's contact information included with your product packaging. Always consult with a professional gunsmith if you are unsure about installation or use.

Conclusion

Your safety is our top priority. By following these guidelines and instructions, you can ensure a safe and enjoyable experience with your #3 Muzzle Brake 22 Caliber Shrewd. Always stay informed and proactive about safety when using firearms and their accessories. Thank you for your attention to these important safety measures.
