QUICK DETACH SCOPE RINGS TALLEY 30MM XHIGH MATTE BLUE RINGS Safety Instruction Guide

Introduction

Thank you for choosing the Talley Quick Detach Scope Rings. These precision machined rings are designed to provide a secure mounting solution for your scope while allowing for easy installation and removal. This guide outlines important safety information, installation instructions, and general guidelines to ensure safe use of the product.

General Safety Guidelines

- Ensure that the scope rings are compatible with your scope and firearm.
- Inspect the product for any visible damage before use.
- Ensure that the installation surface is clean and free from debris.
- Use the product only for its intended purpose.
- Keep the product out of reach of children and unauthorized users.
- Regularly check for wear and tear, and replace worn components as necessary.
- If you encounter any issues during installation or use, stop immediately and seek assistance.

Specific Safety Precautions for Use

- Always wear eye protection when installing or adjusting the scope rings.
- Do not exceed the recommended torque specifications for screws during installation.
- Ensure that the scope is securely mounted before use to prevent accidents.
- Avoid using excessive force when tightening screws to prevent stripping or damaging components.
- Be aware of your surroundings and ensure that the firearm is pointed in a safe direction at all times.
- Do not modify the scope rings or use them in a manner not intended by the manufacturer.

Instructions for Installation and Usage

1. Preparation

- Gather the necessary tools: a torque wrench and appropriate screwdrivers.
- Ensure that you have a clean and welllit workspace.

2. Installation

- Carefully read the scope manufacturer's instructions for mounting.
- Align the scope rings with the scope and the base.
- Place the scope into the rings and adjust to the desired position.
- Use buttonhead screws for the fixed ring application if desired.
- Tighten the screws gradually, alternating between them to ensure even pressure.
- Adhere to the recommended torque specifications:
 - Low .300 (7.62mm)
 - Medium .400 (10.16mm)
 - High .500 (12.7mm)
 - X High .600 (15.2mm)

3. Usage

- After installation, check that the scope is secure and does not move.
- Test the quick detach levers to ensure they function properly.
- Before heading to the field, perform a final check of the scope alignment and security.

Disposal Instructions

- Dispose of the scope rings in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling the materials if possible.
