

6.5MM (.264") 100 GRAIN ELD MATCH BULLETS

ELD Match bullets are technologically advanced, enhanced accuracy target bullets featuring Heat Shield tips with the PERFECT MEPLAT (tip point) combined with numerous design features that deliver the highest-in-class ballistic coefficients, superior accuracy and extreme consistency from bullet-to-bullet, lot-to-lot. Best-in-class BCs Deliver the highest degree of accuracy and bullet-to-bullet/lot-to-lot consistency. Accurate, radar verified BCs Hornady engineers discovered that commonly used bullet tip materials in streamlined, high BC bullets melt and deform. Although not a significant issue affecting moderate BC conventional tipped varmint and hunting bullets, aerodynamic heating causes BC reduction and degradation of accuracy, particularly at extended ranges (400 yds +). To counter this effect, Hornady identified a heat resistant polymer and developed the Heat Shield tip. This revolutionary new tip creates the perfect meplat (tip) with exceptionally consistent results from bullet-to-bullet and lot-to-lot.

Safety Instruction Guide for 6.5MM (.264") 100 GRAIN ELD MATCH BULLETS

Introduction

Thank you for choosing Hornady 6.5MM (.264") 100 GRAIN ELD MATCH BULLETS. These bullets are designed for enhanced accuracy and consistency in performance. To ensure safe usage and compliance with EU regulations, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always store bullets in a cool, dry place away from direct sunlight and moisture.
- Keep bullets out of reach of children and unauthorized persons.
- Inspect the product for any signs of damage before use.
- Use only in accordance with applicable laws and regulations.
- Ensure that you are using the correct bullet for your firearm and intended application.
- Always wear appropriate safety gear, including eye and ear protection, when handling or shooting.
- Report any unsafe products or accidents to the relevant authorities immediately.

Specific Safety Precautions for Use

- Do not exceed the manufacturer's recommended load data when reloading ammunition.
- Avoid using damaged or deformed bullets, as they may cause malfunction or accidents.
- Ensure that your firearm is clean and in good working condition before use.
- Be aware of your surroundings and ensure a safe shooting environment.
- Always point the firearm in a safe direction when loading or unloading.
- Follow all local laws and regulations regarding the use of firearms and ammunition.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary equipment, including a reloading press, dies, and safety gear.
- Ensure that your workspace is clean and free from distractions.

2. Reloading Process:

- Check the bullet specifications and ensure compatibility with your reloading setup.
- Follow the reloading data provided by the manufacturer for optimal performance.
- Carefully seat the bullet to the recommended depth, ensuring it is secure.

3. Testing:

- After reloading, test the ammunition in a controlled environment.
- Monitor for any signs of malfunction or irregular performance.

4. Shooting:

- When ready to shoot, ensure that you are in a safe and designated shooting area.
- Load the firearm according to the manufacturer's instructions.
- Always follow safe shooting practices and be aware of your target and what lies beyond it.

Disposal Instructions

- Dispose of any unused or damaged bullets in accordance with local regulations.
- Do not throw bullets in regular household waste.
- Contact local waste management authorities for guidance on proper disposal methods.

Contact Information for Further Support

For any safety inquiries or further assistance, please reach out to your local Hornady representative or authorized dealer. They can provide you with the necessary support and information regarding product safety and compliance.

By following these safety instructions, you can ensure a safe and enjoyable experience with Hornady 6.5MM (.264") 100 GRAIN ELD MATCH BULLETS. Thank you for prioritizing safety and compliance.
