# Safety Instruction Guide for Wheeler Scope Ring Alignment Bars

## Introduction

Thank you for choosing the Wheeler Scope Ring Alignment Bars. These alignment bars are designed to ensure perfect alignment of scope rings, helping to diagnose any misalignment issues before they affect your shooting experience. This guide provides essential safety instructions to ensure safe and effective use of the product in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the alignment bars out of reach of children to prevent accidents.
- Inspect the product regularly for any signs of wear or damage.
- Do not use the product if it is damaged or malfunctioning.
- Always follow local laws and regulations regarding firearm and scope usage.
- Report any unsafe products or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- Use the alignment bars in a wellventilated area to avoid inhaling any dust or debris.
- Wear protective eyewear to safeguard against any potential debris during installation.
- Ensure that the firearm is unloaded before using the alignment bars.
- Do not attempt to align scope rings while the firearm is loaded.
- Be cautious of sharp edges on the alignment bars; handle with care to avoid cuts.
- Do not force the alignment bars into position; ensure they fit properly to avoid damage.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure your firearm is unloaded and in a safe position.
- Gather all necessary tools and the Wheeler Scope Ring Alignment Bars.

### 2. Installation:

- Place the alignment bars between the scope rings.
- Adjust the scope rings to ensure they are securely holding the alignment bars.
- Check for any misalignment by observing the alignment bars from different angles.

### 3. Usage:

- Use the alignment bars to diagnose any vertical or horizontal misalignment.
- If misalignment is detected, adjust the scope rings accordingly.
- Repeat the process until the alignment bars indicate proper alignment.

### 4. Final Checks:

- Once alignment is achieved, remove the alignment bars carefully.
- Recheck the tightness of the scope rings to ensure they are secure.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Check for any recycling programs in your area that accept metal or plastic products.

## **Contact Information for Further Support**

For any safety inquiries or additional support, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities.
