

Viper PST Gen II 2-10x32 FFP EBR-4 MOA

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The Vortex Optics 2-10x32mm Viper PST Gen II riflescope includes features you would expect to find on high-end scopes, but without the top-tier price tag. Sporting fully multi-coated, extra-low dispersion (XD) lenses, the Vortex Optics 2-10x32mm Viper PST Gen II riflescope delivers sharp images with high resolution and color fidelity. The illuminated, first focal plane EBR-2C MRAD reticle comes with detailed and intuitive holdover points on the glass-etched reticle.

Outfitted with exposed laser-etched turrets, the Vortex Optics 2-10x32mm Viper PST Gen II riflescope offers easy to read elevation and windage adjustment graduations. The patented RZR Zero stop ensures accurate returns to sight in zero after dialing temporary elevation correction. A fiber optic turret rotation indicator allows you to keep track of turns and your turret position with ease.

The Vortex Optics 2-10x32mm Viper PST Gen II riflescope has a precision-machined, 30mm aluminum tube that has been argon gas filled and O-ring sealed for water and fogproof performance.

Vortex Optics Viper PST Gen II 210x32 FFP EBR4 Safety Instruction Guide

Introduction

Thank you for choosing the Vortex Optics Viper PST Gen II 210x32 FFP EBR4 riflescope. This guide provides essential safety information to ensure the safe use and maintenance of your product. Please read this guide carefully before using the riflescope to fully understand its features and safety precautions.

General Safety Guidelines

- Ensure the safe use of the riflescope by following these guidelines:
 - Always treat the riflescope as if it is loaded.
 - Never point the riflescope at anything you do not intend to shoot.
 - Keep your finger off the trigger until you are ready to shoot.
 - Be aware of your surroundings and ensure a safe shooting environment.
 - Store the riflescope in a secure location when not in use, away from children and unauthorized users.
- In case of any product-related safety concerns, please report unsafe products or accidents to the relevant authorities.
- Regularly check for recall updates on the EU's Safety Gate platform to stay informed about any safety issues related to your product.

Specific Safety Precautions for Use

- When using the Vortex Optics Viper PST Gen II 210x32 riflescope, observe the following precautions:
 - Do not attempt to disassemble or modify the riflescope. Unauthorized modifications may lead to malfunctions or safety hazards.
 - Ensure the riflescope is securely mounted to your firearm before use.
 - Always use the riflescope in accordance with the manufacturer's instructions.
 - Avoid using the riflescope in extreme weather conditions, such as heavy rain or snow, unless it is specifically rated for such conditions.
 - Do not look directly at the sun through the riflescope, as this can cause severe eye damage.
- The riflescope is designed for adult users. Keep it out of reach of children and ensure that it is used only by individuals who are trained and knowledgeable about firearms.

Instructions for Installation and Usage

- Follow these steps for the proper installation and usage of your riflescope:

1. Installation:

- Ensure that your firearm is unloaded before starting the installation process.
- Mount the riflescope using the appropriate mounting rings and bases compatible with your firearm.
- Tighten the mounting screws securely but avoid overtightening, which may damage the scope or firearm.

2. Zeroing the Scope:

- Once the scope is mounted, take it to a safe shooting range.
- Using the elevation and windage turrets, adjust the point of impact to align with your point of aim.
- Confirm the zeroing by taking shots at a target and making further adjustments as needed.

3. Using the Reticle:

- Familiarize yourself with the EBR4 reticle and its features, including holdover points.
- Use the illumination feature as needed, adjusting to one of the 10 illumination levels for optimal visibility.

4. Maintenance:

- Regularly clean the lenses using a soft, lintfree cloth to remove dust and debris.
- Store the riflescope in a dry and cool environment to prevent moisture damage.

Disposal Instructions

- When the Vortex Optics Viper PST Gen II riflescope reaches the end of its life cycle, dispose of it in accordance with local regulations.
- Do not dispose of electronic components in regular household waste. Check for designated ewaste collection points in your area.
- Ensure that all batteries (CR2032) are disposed of according to local battery disposal regulations to minimize environmental impact.

Contact Information for Further Support

For any inquiries regarding safety, usage, or maintenance, please refer to the official Vortex Optics website or consult with an authorized dealer.
