

# Pro-GT QR Plate

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scope Accessories](#)

Easy to install, the Vortex Pro GT Quick-Release Plate lets you mount a wide array of optical devices to your Pro GT tripod. The integrated cork mounting surface on the Vortex Pro GT Quick Release Plate won't scratch the finish on your optics.

Pro GT Quick-Release Plate adds versatility to your tripod by allowing to quickly and easily attach different optics on the tripod. Plate is only compatible with the Vortex Pro GT Tripod and will not work with other tripods.

Dedicated QR plate for Pro GT tripod  
For quickly attaching/removing optics  
Mounts directly to the 3-way pan head of the Pro GT Vortex

# VORTEX OPTICS ProGT QR Plate Safety Instruction Guide

## Introduction

Thank you for choosing the VORTEX OPTICS ProGT QR Plate. This guide provides essential safety instructions and information for the proper use of this product. Please read this guide carefully before using the QR Plate to ensure safe and effective operation.

## General Safety Guidelines

- Ensure that the QR Plate is compatible only with the Vortex Pro GT Tripod. Using it with other tripods may pose safety risks.
- Regularly inspect the QR Plate for any signs of damage or wear. If damaged, discontinue use immediately.
- Always ensure that the optical device is securely attached to the QR Plate before use.
- Keep the QR Plate and tripod away from children and vulnerable individuals to prevent accidents.
- Report any unsafe conditions or incidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Mounting Stability:** Ensure that the tripod is on a stable surface before mounting any optical device.
- **Weight Limit:** Do not exceed the weight limit specified by the Vortex Pro GT Tripod when using the QR Plate.
- **Secure Attachment:** Always doublecheck that the optical device is securely locked in place on the QR Plate.
- **Avoid Sudden Movements:** When using the tripod, avoid sudden movements that may cause the mounted optical device to become dislodged.
- **Environmental Conditions:** Avoid using the QR Plate in extreme weather conditions that may affect the stability of the tripod.

## Instructions for Installation and Usage

### 1. Installation of the QR Plate:

- Align the QR Plate with the mounting area on the Pro GT tripod.
- Slide the QR Plate into the mounting slot until you hear a click, indicating it is securely locked in place.
- Ensure that the plate is firmly attached before proceeding.

### 2. Attaching Optical Devices:

- Place the optical device onto the cork mounting surface of the QR Plate.
- Secure the device by locking the quickrelease mechanism according to the manufacturer's instructions.
- Check that the device is stable and secure before use.

### 3. Removing Optical Devices:

- To remove the optical device, press the quickrelease button and gently lift the device off the QR Plate.
- Store the optical device safely when not in use to prevent damage.

#### **4. Transporting the Tripod:**

- When transporting the tripod with the QR Plate and optical device attached, ensure that it is securely packed to avoid movement or damage.
- Always carry the tripod with both hands for better control.

### **Disposal Instructions**

- Dispose of the QR Plate in accordance with local regulations regarding electronic waste and materials.
- Do not dispose of the product in regular household waste. Instead, use designated recycling facilities.

### **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the contact details provided with your product packaging or on the manufacturer's website.

Thank you for your attention to these safety instructions. Proper use and care of the VORTEX OPTICS ProGT QR Plate will help ensure a safe and enjoyable experience with your optical devices.
