

HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO - HYPER BRIGHT FIXED PISTOL FRONT KIMBER MICRO/MICRO9 Y RING

[Handgun Parts](#) > [Sights](#) > [Sight Sets](#)

A total eclipse of conventional brightness. It's the world's brightest handgun sight in any light, with tritium specially formulated to give you industry-first brilliance from broad daylight to midnight. These self-illuminated, fixed tritium sights feature an extremely bright colored ring front sight in your choice of green, yellow, or orange, delivering supreme visibility as a night sight or day-night sight. Contrasting front and rear sight colors help shooters focus on the front sight quicker for faster target acquisition in all lighting conditions. Because you can't predict when everything will depend on your sight's visibility, you can count on Hyper-Bright™. Every time. HYPER-BRIGHT CONCEPT: The MEPRO Hyper-Bright™ fixed Day and Night Sights offer the most reliable illumination for day or night. Mepro Hyper-Bright™ fixed sights feature an extremely bright fluorescent contrast colored ring in green or orange for fast target acquisition in the daytime. The yellow ring option is the sole option with phosphorescent paint that charges with light and glows in lowlight conditions for a short time in conjunction with the tritium. As a result, both rear and front tritium sources appear green in lowlight and nighttime. ALWAYS ON: Premium grade green Swiss-made Tritium vials in the front and rear sights allow for low light and nighttime conditions. The U-notch shape on the rear naturally directs your eyes to the top of the Front sight. No batteries, no switches - always on, always ready 24/7 for 12 years. Maintenance-free can be mounted directly with no modifications. Direct factory replacement, recommend replacing as a set. HIGH DURABILITY: The MEPRO HYPER-BRIGHT™ are drop- and shockproof, built for endless rounds under heavy recoil, and made of steel. Its ultralight, snag-free design is easy to draw and gives you instinctive aiming under pressure. In addition, these sights are reliable in any weather conditions.

HYPER BRIGHT FIXED PISTOL SET Safety Instruction Guide

Introduction

Thank you for choosing the HYPER BRIGHT FIXED PISTOL SET KIMBER MICRO. This product is designed to enhance your shooting experience with superior visibility in various lighting conditions. To ensure safe and effective use, please read and follow these safety instructions carefully.

General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Ensure that the firearm is stored securely and out of reach of children.
- Regularly inspect your sights for any signs of damage or wear.
- Follow all local laws and regulations regarding firearm ownership and use.
- Be aware of your surroundings and the target before firing.
- Report any unsafe products or accidents to the relevant authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Visibility:** The HYPER BRIGHT sights are designed for optimal visibility in both daylight and lowlight conditions. Ensure you are familiar with their operation in various lighting scenarios.
- **Installation:** Proper installation is crucial for safety and performance. Follow the installation instructions carefully.
- **Maintenance:** These sights are maintenancefree but should be checked periodically for any signs of damage.
- **Handling:** Always handle your firearm with care, ensuring your finger is off the trigger until you are ready to shoot.
- **Age Restrictions:** This product is intended for use by individuals who are legally permitted to handle firearms. Ensure that all users are trained and knowledgeable about firearm safety.

Instructions for Installation and Usage

1. Installation:

- Ensure your firearm is unloaded and in a safe condition before installation.
- Remove the existing sights from your firearm, following the manufacturer's instructions.
- Align the HYPER BRIGHT sights with the mounting points on your firearm.
- Secure the sights firmly using the appropriate tools, ensuring they are correctly positioned for optimal alignment.

2. Usage:

- To use the HYPER BRIGHT sights, simply aim as you would with any standard sights.
- The tritium illumination will activate automatically in lowlight conditions.
- Practice regularly to become familiar with the sight picture and improve your target acquisition speed.

3. Storage:

- Store your firearm in a secure location, using a safe or locked cabinet.

- Keep the sights clean and free from debris to maintain visibility.

Disposal Instructions

- Dispose of any damaged or expired Tritium sights in accordance with local regulations for hazardous waste.
- Do not dispose of sights in regular household waste.
- Contact your local waste management authority for proper disposal options.

Contact Information for Further Support

For safety inquiries or further assistance, please refer to the manufacturer's contact information provided with your product. It is important to have access to support for any questions or concerns regarding the use of your HYPER BRIGHT FIXED PISTOL SET.

By adhering to these safety instructions, you can ensure a safe and enjoyable experience with your HYPER BRIGHT FIXED PISTOL SET. Thank you for your attention to safety.
