

# AR10 - Single-Stage Adaptable Flat

[Rifle Parts](#) > [Triggers Parts](#) > [Triggers](#)

The TriggerTech AR10 Single-Stage drop-in AR trigger provides a true zero-creep break, extremely short overtravel, a sub 0.030" tactical reset and offers outstanding reliability, even in the harshest environments.

Utilizing CLKR Technology™, the pull weight is quickly and confidently be adjusted in 2oz increments from a set screw with the trigger installed.

Due to there being truly zero creep, most shooters report the pull weights feeling ~0.5lbs lighter than a friction based trigger of the same measured pull weight.

NO IMAGE  
AVAILABLE

Changing the triggers pull weight does not affect hammer force so you get dependable primer strikes at every weight. Zero Creep Technology™, along with hardened 440C stainless steel internal components ensure corrosion resistance and an extended service life.

As Zero Creep Technology™ does not rely on coating, polishing or lubricating the key engagement surfaces, trigger pulls will be more consistent from shot to shot and after thousands of shots than you ever thought possible.

All pull weights and measurements are approximate.

The installation guide is directed to experienced professional gunsmiths who understand the workings of their AR rifle and know how to fully detail strip the lower receiver. If you do not have these skills, we strongly suggest you retain the services of a competent professional gunsmith to install your trigger, and perform all important safety checks.

## Attributes

- Name: [AR10 - Single-Stage Adaptable Flat](#)
- Manufacturer: [Triggertech](#)
- Product no.: EU2010910
- Mfr. No.: ART-SBB-25-NNF

# AR10 SingleStage Trigger Safety Instruction Guide

## Introduction

Thank you for choosing the TriggerTech AR10 SingleStage dropin AR trigger. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your product. Please read the entire guide carefully before installation and use.

## General Safety Guidelines

- Ensure safe use of the AR10 trigger by following all instructions and safety precautions.
- Always treat your firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the firearm and trigger in a secure location away from children and unauthorized users.
- Familiarize yourself with the operation of your firearm and the trigger before use.
- Report any unsafe products or accidents to the appropriate authorities.
- Regularly check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Only use the AR10 trigger with compatible AR rifles. Consult the manufacturer's specifications to confirm compatibility.
- Do not attempt to modify the trigger or any of its components. Unauthorized modifications can lead to malfunctions.
- Ensure the firearm is unloaded before installing or adjusting the trigger.
- Always perform safety checks after installation to confirm proper operation.
- Be aware that the pull weight may feel lighter than that of a frictionbased trigger, which may affect shooting behavior.
- Use caution when adjusting the pull weight. Adjustments should be made in small increments to avoid accidental discharge.
- Never place your finger on the trigger until you are ready to shoot.

## Instructions for Installation and Usage

### 1. Preparation

- Gather the necessary tools for installation, including screwdrivers and any specific tools recommended by the manufacturer.
- Ensure you have a clean, welllit workspace.

### 2. Installation

- Ensure the firearm is completely unloaded.
- Remove the lower receiver from the AR rifle according to the manufacturer's instructions.
- Follow the detailed installation guide provided with the trigger.
- Adjust the pull weight using the set screw, making adjustments in 2oz increments as needed.
- After installation, perform a thorough function check to ensure the trigger operates correctly.

### 3. Usage

- Familiarize yourself with the trigger's operation before live fire.
- Practice dryfiring in a safe environment to get accustomed to the trigger's feel.

- Always wear appropriate safety gear, including eye and ear protection, when shooting.

## **Disposal Instructions**

- Dispose of the trigger and any packaging materials in accordance with local regulations.
- Do not dispose of the trigger in regular household waste. Check for local recycling programs or hazardous waste disposal options.

## **Contact Information for Further Support**

For questions or concerns regarding the installation or use of the AR10 trigger, please refer to the manufacturer's website or contact a qualified professional gunsmith. Always ensure that any inquiries regarding safety are directed to a competent source.

By following these guidelines, you help ensure a safe and enjoyable experience with your TriggerTech AR10 SingleStage dropin trigger. Thank you for your attention to safety.
