Safety Instruction Guide for Spindle for Seater Head M6/M4

Introduction

Thank you for choosing the Spindle for Seater Head M6/M4 manufactured by TRIEBEL. This guide provides essential safety instructions and guidelines to ensure safe and proper use of the product. Please read this document carefully before installation and usage.

General Safety Guidelines

- Ensure that the spindle is used only for its intended purpose as specified in the product description.
- Always inspect the spindle for any signs of damage or wear before use. Do not use if damaged.
- Keep the spindle out of reach of children and vulnerable individuals.
- Follow all local regulations and guidelines for the use of replacement parts and upgrades.
- In case of any accidents or unsafe product experiences, report them to the relevant authorities.

Specific Safety Precautions for Use

- Wear appropriate personal protective equipment (PPE) such as gloves and safety goggles when handling the spindle.
- Ensure that the workspace is clean and free from hazards before beginning installation.
- Do not exceed the recommended torque specifications when installing the spindle.
- Avoid using the spindle in wet or damp conditions to prevent slips and falls.
- Be cautious of sharp edges during installation and handling.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools and materials for installation.
- Review the product specifications to ensure compatibility with your equipment.

2. Installation Steps:

- Ensure the equipment is powered off and disconnected from any power sources.
- Remove the old spindle carefully, following the manufacturer's instructions.
- Align the new spindle (M6/M4) with the mounting points.
- Secure the spindle using the appropriate fasteners, ensuring they are tightened to the manufacturer's specifications.
- Doublecheck that the spindle is securely installed before reconnecting power to the equipment.

3. Usage:

- Operate the equipment as per the manufacturer's instructions.
- Monitor the spindle during use for any unusual noises or vibrations, which may indicate a problem.
- If any issues arise, stop using the equipment immediately and inspect the spindle.

Disposal Instructions

- Dispose of the spindle in accordance with local waste disposal regulations.
- Do not dispose of the spindle in regular household waste if it contains hazardous materials.
- Consider recycling options for metal components where applicable.

Contact Information for Further Support

For any questions or concerns regarding the spindle, please refer to the manufacturer's contact details provided with the product packaging. It is important to have an EUbased contact for safety inquiries.

By following these guidelines, you help ensure your safety and the longevity of your spindle for seater head M6/M4. Thank you for your attention to these important safety instructions.
