

S28 (36mm-52mm) 4K Scope Camera

[Optics & Mounting](#) > [Spotting Scopes & Accessories](#) > [Spotting Scopes](#)

Capture every moment of your shooting experience with this versatile and high-performance clip-on scope camera. Designed for shooters, hunters, and outdoor enthusiasts, this device seamlessly integrates with most scopes, providing crystal-clear recordings without impacting your optics.

Key Specifications:

1. Lens Size: 16mm, multi-coated for superior clarity.
2. Magnification Power: Adjustable from 1x to 8x in 0.5-step increments.
3. Focus Distance: As close as 3cm for incredible detail.

Video Resolution:

4. 4K: 60fps, 30fps
5. 2.7K: 60fps, 30fps
6. 1080p: 30fps, 60fps, 120fps
7. 720p: 30fps, 60fps, 120fps, 240fps (ideal for slow-motion playback)
8. Slow Motion: Replay in full HD 1080p at 120fps or 720p at 240fps, automatically saving at 1/4 or 1/8 speed.
9. Output Port: Micro HDMI for seamless video sharing.

Features:

10. Recoil Activated Recording: Automatically powers on and records when a shot is fired, or activate manually.
11. Scope Compatibility: Fits most scopes, including bif diameter ZC Scope models, without affecting optical performance.
12. Low-Light Excellence: Records with impressive clarity in low-light conditions.
13. Durability: Waterproof with an IP64 rating for reliable performance in rugged environments.
14. Power Source: Replaceable and rechargeable 18650 battery, delivering up to 12 hours of continuous recording on a full charge.
15. Built-In Charger: Conveniently recharge the battery without needing extra equipment.
16. Storage: Supports Micro SD cards up to 512GB for extensive recording capacity.
17. **User-Friendly Design:**
18. Rear Clip-On Mount: Attaches securely to your scope, ensuring stability and ease of use.
19. USB Powered: 5V=2A USB compatibility for flexible power options.
20. Multi-Coated Glass Lenses: Ensure sharp, high-quality images in any setting.

Scopemate S28 4K Scope Camera Safety Instruction Guide

Introduction

Thank you for choosing the Scopemate S28 (36mm52mm) 4K Scope Camera. This guide provides important safety information to ensure safe and effective use of your device. Please read this document carefully before using the camera and keep it for future reference.

General Safety Guidelines

- Ensure that the camera is used in accordance with the manufacturer's instructions.
- The Scopemate S28 is designed for outdoor use; avoid using it in wet or extreme conditions unless specified.
- Always inspect the camera and its components for damage before use.
- Keep the camera out of reach of children and vulnerable individuals.
- Do not use the camera if it has been damaged or modified in any way.
- Report any unsafe products or accidents to the relevant authorities and check for recall updates.

Specific Safety Precautions for Use

- **Recoil Activated Recording:** Ensure that the camera is securely attached to the scope before use to prevent accidents during recoil.
- **LowLight Conditions:** While the camera is capable of recording in lowlight conditions, avoid using it in complete darkness as it may not perform optimally.
- **Battery Safety:**
 - Use only the specified 18650 battery for this camera.
 - Do not attempt to disassemble or modify the battery.
 - Charge the battery using the builtin charger only.
- **Storage:** Use Micro SD cards that are compatible and do not exceed 512GB to avoid data loss.
- **Environmental Considerations:** The camera is waterproof with an IP64 rating; however, avoid submerging it in water.

Instructions for Installation and Usage

1. Installation:

- Ensure the scope is clean and free of obstructions.
- Attach the rear clipon mount of the camera securely to the scope.
- Make sure the camera is aligned properly to avoid obstructing the view.

2. Powering On:

- Insert a fully charged 18650 battery into the camera.
- To power on, press the designated button. The camera will automatically activate recording when it detects recoil.

3. Recording:

- Adjust the magnification power as needed, ranging from 1x to 8x.
- To manually start or stop recording, use the appropriate button.
- For slowmotion playback, set the desired frame rate before recording.

4. **Video Output:**

- Connect the camera to a display using the Micro HDMI output for seamless video sharing.

5. **Charging:**

- Use the builtin charger to recharge the battery. Ensure the device is turned off while charging.

Disposal Instructions

- Dispose of the camera and its components in accordance with local electronic waste disposal regulations.
- Do not dispose of the battery in regular waste. Follow local regulations for battery disposal or recycling.

Contact Information for Further Support

- For any inquiries regarding safety, performance, or support, please refer to the manufacturer's contact information provided with the product packaging.

By following these guidelines, you can ensure a safe and enjoyable experience with your Scopemate S28 4K Scope Camera. Thank you for your attention to safety and compliance.
