

# Henry X 45 70 Or 45 Colt Comet Brake Reduces Recoil - Henry T-Rex Brake 45-70 & 45 Colt

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Features of the classic Comet brake: Robust, stress-resistant steel construction (salt bath black nitride 4140 steel) Reduces recoil and muzzle flash by approximately 25% Non-uniform size (overall length 1.65", 1" protrudes beyond the barrel when installed) Designed for optimum performance and accuracy with single calibres Hand tighten and use blue Loctite for installation, no indexing or torque specs required The new T-Rex brake

was developed specifically for the hard-hitting .45-70 calibre.

The large, aggressive appearance complements the ferocious power of the .45-70 Govt. Large, rear ports reduce muzzle rise more effectively than our classic Comet brake, for faster follow-up shots and reduced shooter fatigue Reduces recoil and muzzle flash by at least 35% Tapered to precisely match the muzzle diameter of your rifle Black brakes are made of stress-resistant steel, nitrided. Not compatible with tube-loaded rifles (Henry only).

# Safety Instruction Guide for Henry X 45 70 or 45 Colt Comet Brake

## Introduction

Thank you for choosing the Henry X 45 70 or 45 Colt Comet Brake. This product is designed to enhance your shooting experience by reducing recoil and muzzle flash. To ensure safe and effective use of this product, please read this safety instruction guide carefully.

## General Safety Guidelines

- Ensure safe use of the Comet Brake by following all instructions outlined in this guide.
- Be aware of potential hazards associated with firearm accessories, including recoil and muzzle flash.
- Regularly check for product recalls and updates through official channels, including the EU's Safety Gate platform.
- Always handle firearms and accessories with care and follow standard safety practices.

## Specific Safety Precautions for Use

- Always wear appropriate eye and ear protection when using firearms equipped with the Comet Brake.
- Ensure the firearm is unloaded before installing or removing the Comet Brake.
- Keep the Comet Brake away from children and unauthorized users.
- Do not use the Comet Brake with tubeloaded rifles, as it is not compatible with these models.
- Inspect the Comet Brake regularly for signs of wear or damage. Do not use if damaged.
- Use only as intended and do not modify the Comet Brake in any way.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded.
- Hand tighten the Comet Brake onto the muzzle of your firearm.
- Use blue Loctite to secure the Comet Brake in place. No indexing or torque specifications are required.
- Confirm that the Comet Brake is properly installed and does not interfere with the firearm's operation.

### 2. Usage:

- Fire the firearm in a safe and controlled environment.
- Be aware that the Comet Brake reduces recoil and muzzle flash, enhancing your shooting experience.
- Monitor your shooting stance and grip to maintain control of the firearm during use.

## Disposal Instructions

- Dispose of the Comet Brake in accordance with local regulations.
- Do not dispose of the Comet Brake in regular household waste.
- Contact your local waste management authority for guidance on proper disposal methods.

## **Contact Information for Further Support**

For questions or concerns regarding the Henry X 45 70 or 45 Colt Comet Brake, please refer to the manufacturer's information provided with the product. Ensure you have the product details available for any inquiries.

Thank you for prioritizing safety and enjoying your shooting experience responsibly.
