

# Marlin Dark 44 Mag Comet Brake Reduces Recoil - Marlin Dark 357 Mag Brake (Ilion, NY barrel stamp)

[Rifle Parts](#) > [Muzzle Devices](#)

Marlin Dark .357 Mag Muzzle Brake

Recoil and Muzzle Flash Reduction: Reduces felt recoil and muzzle flash by up to 25%, providing better control, faster follow-up shots, and improved overall stability.

Perfect Fit for Original Pre-2020 Marlin Dark Models: Specifically engineered for Remington-produced Marlin Dark Series 1895 rifles with the smaller barrel profile (marked Ilion, NY).

Dimensions and Threading:

Outside diameter: .746" (18.95 mm)

Thread: 1/2 x 28 tpi Designed to match the barrel dimensions of Marlin-Remington Dark Series .357 Mag rifles.

Material Construction: Machined from 4140 steel and finished with a durable nitride coating for long-lasting performance and excellent corrosion resistance.

Easy Installation: Installs by simply hand-tightening with Blue Loctite (not red). No torque specs and no indexing required.

# Marlin Dark .357 Mag Muzzle Brake Safety Instructions

## Introduction

Thank you for choosing the Marlin Dark .357 Mag Muzzle Brake. This product is designed to enhance your shooting experience by reducing recoil and muzzle flash. To ensure safe and effective use, please read this safety instruction guide carefully.

## General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Ensure you are familiar with your firearm's operation and safety features.
- Use only the recommended ammunition for your firearm.
- Store the muzzle brake and all firearms securely, away from children and unauthorized users.
- Always wear appropriate eye and ear protection when shooting.
- Regularly inspect your muzzle brake for signs of wear or damage.

## Specific Safety Precautions for Use

- Do not exceed the manufacturer's specifications for installation and use.
- Ensure the muzzle brake is properly installed before firing your firearm.
- Avoid using the muzzle brake if it shows signs of damage or excessive wear.
- Only use Blue Loctite for installation; do not use red Loctite.
- Keep the muzzle brake clean and free from obstructions to maintain its effectiveness.
- Be aware of your shooting environment and ensure a safe backdrop.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your firearm is unloaded and pointed in a safe direction.
- Remove the existing muzzle device, if applicable.
- Clean the barrel threads to remove any debris or old adhesive.
- Apply a small amount of Blue Loctite to the threads of the muzzle brake.
- Handtighten the muzzle brake onto the barrel, ensuring it is secure.
- Do not overtighten; no torque specifications are required.
- Allow the Blue Loctite to cure as per the manufacturer's instructions before use.

### 2. Usage:

- Always check that the muzzle brake is secure before each shooting session.
- Fire your firearm in a controlled environment, following all safety protocols.
- Monitor the performance of the muzzle brake and note any changes in recoil or muzzle flash.
- If you experience any irregularities, cease use immediately and consult a qualified gunsmith.

## Disposal Instructions

- Dispose of the muzzle brake in accordance with local regulations.
- If the product is damaged or no longer usable, contact your local waste management facility for proper disposal methods.

## **Contact Information for Further Support**

For any questions or concerns regarding the Marlin Dark .357 Mag Muzzle Brake, please refer to the manufacturer's contact information provided with your product packaging. It is important to have access to support for safety inquiries or product issues.

## **Conclusion**

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with your Marlin Dark .357 Mag Muzzle Brake. Always prioritize safety and adhere to local laws and regulations regarding firearm use. Thank you for your commitment to responsible firearm handling.
