This 6 inch long Henry rail assembly works with the Costa Henry M-LOK handguard + modular rail system. Why a three rail arrangement?

The Costa Ludus / Ranger Point handguard and rail system was designed to provide bolt action rifle shooters with exceptional flexibility in setup and cost while maintaining the handling and accuracy characteristics we love about these fine firearms. To accomplish all of these goals, we have divided the top Picatinny rail into 3 separate sections. The handguard can be used with all 3 Picatinny top rails, none, or any combination of two. It is worth noting that installing one or more Gator rails makes the handguard even more stable. To allow for a range of manufacturing tolerances in the rifles, we have fitted the entire handguard/rail system with adjustable fixings. It is important to understand that when we talk about manufacturing tolerances, we are talking about a universal phenomenon. As an example, there is actually no such thing as an absolutely straight run. Each manufacturer has to decide for themselves how much curvature is acceptable, and it's pretty clear that a significantly curved barrel can still shoot well.

Our job in the aftermarket is to work with or around this range of tolerances and still achieve the desired result. In the case of barrel spring rifles that have handguards attached to the barrel, this can be a challenge because we want everything to be aligned with the receiver, but the barrel is not accurate.

We made a conscious decision not to use a continuous top to reduce the impact of manufacturing tolerances on accuracy. Our previous experience as custom bolt action rifle makers has taught us that accuracy generally decreases when you connect the mount to the barrel with a continuous rail.

For the same reason, we strongly discourage bridging the mount rails to a Gator rail with a single optic.

Costa Henry Big Boy Picatinny Receiver Rail

Safety Instruction Guide

Introduction

Thank you for choosing the Costa Henry Big Boy Picatinny Receiver Rail. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of this product. It is designed to comply with the EU General Product Safety Regulation (GPSR) to protect consumers.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the Costa Henry Big Boy Receiver Rail by following these guidelines. This product is designed for bolt action rifles and should only be used for its intended purpose.
- **Enhanced Recalls:** In the unlikely event of a product recall, be aware that standardized recall notices will be issued, and free remedies will be available for any dangerous products.
- **Online Shopping Safety:** If purchased online, ensure the platform meets safety requirements similar to physical stores.
- **Vulnerable Groups:** Extra care should be taken when this product is used around vulnerable groups, particularly children. Always supervise use in their presence.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point provided by your retailer.
- **Rapid Alerts:** Stay informed about product safety updates through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Installation Safety:**
 - Ensure the firearm is unloaded before installation.
 - Use proper tools to avoid injury during installation.
- **Handling:**
 - Always treat the firearm as if it is loaded.
 - Keep the muzzle pointed in a safe direction.
- **Usage:**
 - Do not exceed the weight limit specified for the rail.
 - Regularly inspect the rail for signs of wear or damage.
- **Environmental Considerations:**
 - Avoid using the rail in extreme weather conditions that may affect its performance.
 - Ensure the rail is dry and free from debris before use.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is completely unloaded.
- Align the Costa Henry Big Boy Receiver Rail with the mounting points on the firearm.
- Secure the rail using the provided adjustable fixings, ensuring a snug fit without overtightening.
- If using Gator rails, install them according to the manufacturer's instructions to enhance stability.

2. Usage:

- After installation, check that the rail is secure before attaching any accessories.
- Use the rail only as intended and do not modify it in any way.
- Regularly check the rail for stability and alignment during use.

3. **PostUsage:**

- Clean the rail after use to prevent buildup of dirt and debris.
- Store the firearm in a safe location, ensuring the rail is protected from damage.

Disposal Instructions

- Dispose of the Costa Henry Big Boy Receiver Rail in accordance with local regulations.
- Do not dispose of the rail in regular household waste if it contains any hazardous materials.
- Consult local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Costa Henry Big Boy Picatinny Receiver Rail, please consult your retailer or the designated EU contact point.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your Costa Henry Big Boy Receiver Rail. Thank you for your attention to safety and compliance.
