

3-12x50 Zenith - 3-12x50 Zenith LM FD7 1cm cw Posicon CT / Posicon CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-12x50 Zenith from Schmidt and Bender is a versatile hunting riflescope designed for mid-range precision and exceptional low-light performance. With a magnification range of 3-12× and a 50 mm objective lens, it provides outstanding clarity and flexibility for stalking, stand hunts, or dynamic terrain.

Equipped with a first focal plane (FFP) reticle, the scale remains accurate at all magnifications, ensuring precise holdovers and fast target engagement. The scope offers 90 mm of eye relief for comfortable and rapid sighting across various shooting positions.

Its field of view spans approximately 11.9–3.1 m at 100 m, giving broad coverage at low magnification and detailed target framing at higher zoom. The exit pupil ranges from 14.1–4.2 mm, ensuring bright, clear images even in challenging light conditions.

Built on a sturdy 30 mm main tube, the 3-12x50 Zenith combines durability, high-end optics, and reliable mechanics for long-term performance in the field.

Key Specifications:

Magnification: 3-12×
Objective Lens Diameter: 50 mm
Reticle: First Focal Plane (FFP)
Eye Relief: 90 mm
Field of View: 11.9-3.1 m @100 m
Exit Pupil: 14.1-4.2 mm
Tube Diameter: 30 mm

Crafted in Germany with precision engineering, the 3-12x50 Zenith delivers superior optical clarity, flexible magnification, and robust construction—perfect for hunters who demand performance from midday stalks to dusk stands.

Safety Instruction Guide for the 312x50 Zenith Riflescope

Introduction

Thank you for choosing the 312x50 Zenith Riflescope from Schmidt and Bender. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your riflescope. Please read this document carefully to understand how to operate the product safely and responsibly.

General Safety Guidelines

- Ensure that the riflescope is used only for its intended purpose as a hunting accessory.
- Always handle the riflescope with care to avoid damage.
- Be aware of your surroundings when using the riflescope to prevent accidents.
- Regularly inspect the riflescope for any signs of damage or wear.
- Store the riflescope in a safe, dry place when not in use.
- Follow local laws and regulations regarding the use of firearms and optics.
- Keep the riflescope out of reach of children and vulnerable individuals.

Specific Safety Precautions for Use

- Always ensure that the firearm is unloaded before attaching or detaching the riflescope.
- Do not look directly at the sun through the riflescope, as this can cause serious eye damage.
- Use appropriate eye protection when using firearms equipped with the riflescope.
- Do not modify the riflescope or use it in ways not recommended by the manufacturer.
- Be cautious when adjusting the magnification and focus settings to avoid losing sight of your target.
- Ensure that the riflescope is securely mounted to the firearm to prevent it from shifting during use.

Instructions for Installation and Usage

1. Installation:

- Select a suitable mounting base compatible with the riflescope and your firearm.
- Securely attach the riflescope to the mounting base following the manufacturer's instructions.
- Ensure that the riflescope is level and aligned with the barrel of the firearm.
- Tighten all screws and mounts firmly but avoid overtightening, which can damage the scope.

2. Usage:

- Adjust the magnification by rotating the magnification ring to the desired setting (3x to 12x).
- Use the eyepiece to focus the reticle by turning it until the reticle is sharp and clear.
- Adjust the parallax setting if applicable, based on the distance to your target.
- Before shooting, ensure that you have a clear line of sight and that the area is safe.
- Take your time to aim and ensure a steady shot for accuracy.

Disposal Instructions

- Dispose of the riflescope in accordance with local regulations for electronic waste.
- Do not dispose of the riflescope in regular household waste.
- If the riflescope is damaged beyond repair, contact local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any inquiries regarding the safety and performance of the 312x50 Zenith Riflescope, please consult the manufacturer's website or contact the relevant authorities in your region.

By following these safety guidelines and instructions, you can ensure a safe and enjoyable experience with your 312x50 Zenith Riflescope. Thank you for prioritizing safety in your hunting practices.
