

3-12x50 Zenith - 3-12x50 Zenith LM FD7 1cm cw BDC / Posicon CT

[Optics & Mounting](#) > [Scopes](#) > [Rifle Scopes](#)

The 3-12x50 Zenith from Schmidt and Bender is a versatile hunting riflescope designed for mid-range precision and exceptional low-light performance. With a magnification range of 3-12× and a 50 mm objective lens, it provides outstanding clarity and flexibility for stalking, stand hunts, or dynamic terrain.

Equipped with a first focal plane (FFP) reticle, the scale remains accurate at all magnifications, ensuring precise holdovers and fast target engagement. The scope offers 90 mm of eye relief for comfortable and rapid sighting across various shooting positions.

Its field of view spans approximately 11.9-3.1 m at 100 m, giving broad coverage at low magnification and detailed target framing at higher zoom. The exit pupil ranges from 14.1-4.2 mm, ensuring bright, clear images even in challenging light conditions.

Built on a sturdy 30 mm main tube, the 3-12x50 Zenith combines durability, high-end optics, and reliable mechanics for long-term performance in the field.

Key Specifications:

Magnification: 3-12×
Objective Lens Diameter: 50 mm
Reticle: First Focal Plane (FFP)
Eye Relief: 90 mm
Field of View: 11.9-3.1 m @100 m
Exit Pupil: 14.1-4.2 mm
Tube Diameter: 30 mm

Crafted in Germany with precision engineering, the 3-12x50 Zenith delivers superior optical clarity, flexible magnification, and robust construction—perfect for hunters who demand performance from midday stalks to dusk stands.

Safety Instruction Guide for the 3-12x50 Zenith Riflescope

Introduction

Thank you for choosing the 3-12x50 Zenith Riflescope from Schmidt and Bender. This guide provides essential safety instructions and recommendations to ensure the safe and effective use of your riflescope. Please read this guide carefully before using the product to ensure your safety and the safety of others.

General Safety Guidelines

- **Product Safety:** Always ensure the safe use of your riflescope. This product is designed for nonfood applications and is subject to EU safety regulations.
- **Enhanced Recalls:** Be aware of standardized recall notices. If you receive a recall notice for this product, follow the instructions provided.
- **Online Shopping:** If purchased online, ensure that the retailer meets all safety requirements as mandated by EU regulations.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the designated EU contact point for this product.
- **Rapid Alerts:** Stay informed about any updates regarding product safety through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Proper Handling:** Always handle the riflescope with care. Avoid dropping or striking it against hard surfaces.
- **Eye Protection:** Use appropriate eye protection when using the riflescope, especially during shooting activities.
- **Environmental Conditions:** Avoid using the riflescope in extreme weather conditions, such as heavy rain or snow, which may affect performance.
- **Mounting and Stability:** Ensure that the riflescope is securely mounted to your firearm. Check the mounting screws regularly for tightness.
- **Target Identification:** Always positively identify your target before aiming or shooting. Never shoot at movement or sounds without confirming the target.
- **Storage:** Store the riflescope in a dry, cool place when not in use. Use a protective case to prevent damage.

Instructions for Installation and Usage

- **Installation:**
 - Ensure that the firearm is unloaded before installation.
 - Mount the riflescope on the firearm's scope base using the provided mounting rings and screws.
 - Adjust the position of the riflescope to achieve a comfortable eye relief of 90 mm.
 - Tighten the mounting screws securely but avoid overtightening, which may damage the scope or firearm.
- **Usage:**
 - Before using the riflescope, ensure that it is properly zeroed for accuracy.
 - Adjust the magnification as needed for the shooting scenario, ranging from 3x to 12x.

- Use the first focal plane (FFP) reticle to assist in range estimation and holdover calculations.
- Maintain a proper shooting stance and ensure a stable platform for optimal performance.
- After use, clean the lenses with a soft, lintfree cloth to maintain clarity.

Disposal Instructions

- **Environmental Responsibility:** Dispose of the product in accordance with local regulations regarding electronic waste.
- **Recycling:** If applicable, consider recycling the product components to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the safety and usage of the 3-12x50 Zenith Riflescope, please refer to the designated EU contact point for this product.

By following these guidelines, you can ensure a safe and enjoyable experience with your 3-12x50 Zenith Riflescope. Thank you for your attention to safety.
