

# Elite Bag Rider - Flat - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Butt Plate Parts](#) > [Buttstock Spacers](#)

Consistency is the foundation of precision shooting, and reliable rear support is just as critical as high-quality optics. The Elite Bag Rider creates a smooth, stable, and snag-free interface between your rear bag and rifle, allowing you to maintain control and repeatability from shot to shot.

Designed specifically for flat-bottom MDT buttstocks, this lightweight upgrade improves recoil management without introducing unnecessary bulk or instability. Shooters can choose between a flat riding surface for straight-back recoil or a 3° forward-angled version to better control muzzle rise and maintain reticle position during rapid follow-up shots.

Machined from 6061-T6 aluminum and finished with a durable anodized coating, the Elite Bag Rider delivers long-term durability while keeping weight to a minimum. Its V-shaped cradle design keeps the rear bag perfectly centered, minimizing lateral movement and improving consistency for tighter, more predictable groups downrange.

## Key Benefits:

- Stable, snag-free contact with rear support bags
- Compatible with flat-bottom MDT buttstocks
- Flat or 3° angled options for optimized recoil control
- V-shaped cradle maintains bag alignment
- Lightweight, rigid 6061-T6 aluminum construction

# Elite Bag Rider Safety Instruction Guide

## Introduction

Thank you for choosing the Elite Bag Rider. This product is designed to enhance your shooting experience by providing stable and reliable rear support for your rifle. To ensure your safety and the optimal performance of the Elite Bag Rider, please read and follow this safety instruction guide carefully.

## General Safety Guidelines

- Always ensure that the Elite Bag Rider is compatible with your rifle and rear support bags.
- Inspect the product for any damage or wear before each use. Do not use if damaged.
- Keep the Elite Bag Rider out of reach of children and vulnerable individuals when not in use.
- Always handle firearms responsibly and in accordance with local laws and regulations.
- Report any unsafe products or accidents to the appropriate authorities.
- Stay informed about product recalls by checking the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- Ensure the Elite Bag Rider is securely attached to your rifle before use.
- Use the product only with flatbottom MDT buttstocks as intended.
- Choose the appropriate riding surface (flat or 3° angled) based on your shooting needs.
- Avoid overloading the rear support bag, which may compromise stability.
- Maintain a safe shooting distance and ensure the area is clear of bystanders.
- Do not modify the Elite Bag Rider in any way, as this may affect its performance and safety.

## Instructions for Installation and Usage

### 1. Installation:

- Ensure your rifle is unloaded and pointed in a safe direction.
- Align the Elite Bag Rider with the flatbottom MDT buttstock.
- Securely attach the Elite Bag Rider to the buttstock, ensuring it is firmly in place.

### 2. Usage:

- Place the rear support bag on the Elite Bag Rider.
- Adjust the bag position for optimal stability and control.
- If using the 3° angled option, ensure proper alignment to manage muzzle rise.
- Maintain a firm grip on your rifle while shooting to ensure control and accuracy.

## Disposal Instructions

- Dispose of the Elite Bag Rider in accordance with local regulations for aluminum products.
- Do not dispose of in household waste; check for recycling options in your area.
- Follow any specific disposal instructions provided by local authorities.

## Contact Information for Further Support

For any inquiries or concerns regarding the Elite Bag Rider, please refer to the manufacturer's contact information included with your product packaging. Ensure that you have the product details ready when seeking assistance.

By following these guidelines, you can ensure a safer and more enjoyable shooting experience with your Elite

Bag Rider. Thank you for your attention to safety.
