

Nylon Best Bore Brush, .22 Cal 3-Pack

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Tipton Best Nylon Bore Brush is built for serious shooters who demand fast, effective, and safe barrel cleaning. Extra-stiff bristles cut through copper fouling, stubborn carbon, and residue to significantly reduce cleaning time. Unlike standard nylon brushes, the thick bristles resist breakdown from aggressive scrubbing and harsh cleaning solvents, delivering long-lasting performance.

Designed with a non-marring brass core, this brush is 100% safe for both rifle and pistol barrels. Available in 14 sizes from .17 caliber to .50 caliber, the Tipton Best Nylon Bore Brush provides superior cleaning power across a wide range of firearms. Sold in packs of three.

Safety Instruction Guide for Nylon Best Bore Brush

Introduction

Thank you for choosing the Tipton Nylon Best Bore Brush. This guide provides important safety instructions to ensure the effective and safe use of your bore brush. Please read this guide carefully before using the product to avoid any potential hazards.

General Safety Guidelines

- Always use the bore brush in accordance with the manufacturer's instructions.
- Keep the bore brush out of reach of children and vulnerable individuals.
- Inspect the bore brush regularly for signs of wear or damage before use.
- Do not use the bore brush if it is damaged or if the bristles are excessively worn.
- Ensure that the bore brush is used only for its intended purpose of cleaning firearm barrels.
- Store the bore brush in a dry place, away from direct sunlight and extreme temperatures.

Specific Safety Precautions for Use

- When cleaning firearms, ensure that the firearm is unloaded and pointed in a safe direction.
- Use appropriate personal protective equipment, such as safety glasses and gloves, to protect against debris and cleaning solvents.
- Avoid aggressive scrubbing that may cause damage to the bore brush or the firearm.
- Do not use the bore brush with harsh cleaning solvents that are not recommended by the manufacturer.
- If you experience any irritation or allergic reaction while using the bore brush, discontinue use immediately and seek medical advice.

Instructions for Installation and Usage

1. Preparation:

- Ensure the firearm is unloaded and in a safe position.
- Gather necessary cleaning materials, including the bore brush and cleaning solvent.

2. Using the Bore Brush:

- Attach the bore brush to a cleaning rod or handle.
- Apply a suitable cleaning solvent to the bore brush if necessary.
- Insert the bore brush into the barrel and gently rotate as you push it through.
- Pull the bore brush back out of the barrel, ensuring not to force it.
- Repeat the process until the barrel is clean, checking the bore brush for debris accumulation.

3. PostUse Care:

- Clean the bore brush after use to remove any debris and solvent.
- Store the bore brush in a protective case or holder.

Disposal Instructions

- Dispose of the bore brush according to local regulations for waste disposal.
- Do not dispose of the bore brush in household waste if it is damaged or contains hazardous materials.
- Consider recycling options if available in your area.

Contact Information for Further Support

For any inquiries regarding safety or product information, please refer to the manufacturer's contact details provided with the product packaging.

Conclusion

Following these safety instructions will help ensure the safe and effective use of your Tipton Nylon Best Bore Brush. Always prioritize safety and care when handling firearms and cleaning equipment. Thank you for your attention to these guidelines.
