

Nylon Best Bore Brush, .338 Cal / 8mm 3-Pack

[Gun Cleaning & Chemicals](#) > [Brushes & Bore Snakes](#) > [Bore Brushes](#)

The Tipton Best Nylon Bore Brush is built for serious shooters who demand fast, effective, and safe barrel cleaning. Extra-stiff bristles cut through copper fouling, stubborn carbon, and residue to significantly reduce cleaning time. Unlike standard nylon brushes, the thick bristles resist breakdown from aggressive scrubbing and harsh cleaning solvents, delivering long-lasting performance.

Designed with a non-marring brass core, this brush is 100% safe for both rifle and pistol barrels. Available in 14 sizes from .17 caliber to .50 caliber, the Tipton Best Nylon Bore Brush provides superior cleaning power across a wide range of firearms. Sold in packs of three.

Safety Instruction Guide for Tipton Best Nylon Bore Brush, .338 Cal / 8mm

Introduction

Thank you for choosing the Tipton Best Nylon Bore Brush, .338 Cal / 8mm. This product is designed for serious shooters who require efficient and safe barrel cleaning. Please read this safety instruction guide carefully to ensure safe and effective use of your bore brush.

General Safety Guidelines

- Always use the bore brush in accordance with the manufacturer's instructions.
- Ensure that the bore brush is suitable for your firearm caliber.
- Keep out of reach of children and vulnerable individuals.
- Inspect the bore brush before each use for any signs of damage or wear.
- Use the bore brush in a wellventilated area to avoid inhalation of any debris.
- Do not use the bore brush with excessive force to prevent injury or damage to your firearm.
- Report any unsafe products or accidents to the appropriate authorities.

Specific Safety Precautions for Use

- Wear safety glasses to protect your eyes from debris while cleaning.
- Use gloves to avoid skin contact with cleaning solvents and chemicals.
- Ensure that the firearm is unloaded and pointed in a safe direction before using the bore brush.
- Do not use the bore brush on any surface other than the interior of the barrel.
- Avoid using the bore brush with harsh chemicals that may damage the bristles or firearm.
- Clean the bore brush after each use to maintain its performance and longevity.

Instructions for Installation and Usage

1. Preparation:

- Ensure your firearm is unloaded and in a safe condition.
- Gather necessary cleaning supplies, including the bore brush, cleaning solvent, and a cleaning rod.

2. Attaching the Bore Brush:

- Insert the cleaning rod into the bore brush.
- Secure the bore brush to the cleaning rod by twisting it until it is firmly attached.

3. Cleaning the Barrel:

- Apply a small amount of cleaning solvent to the bristles of the bore brush.
- Insert the bore brush into the firearm barrel from the chamber end.
- Push the brush through the barrel and pull it back out. Repeat this process several times to remove fouling and residue.
- After cleaning, remove the bore brush from the barrel.

4. PostCleaning:

- Clean the bore brush with warm water and mild soap to remove any remaining solvent.
- Allow the brush to air dry completely before storing it.
- Store the bore brush in a safe, dry location away from children.

Disposal Instructions

- Dispose of the bore brush responsibly when it shows signs of wear or damage.
- Check local regulations for proper disposal methods for cleaning supplies and materials.
- Do not dispose of the bore brush in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the use of the Tipton Best Nylon Bore Brush, please refer to the manufacturer's website or customer service for assistance.

Thank you for following these safety guidelines to ensure a safe and effective cleaning experience with your Tipton Best Nylon Bore Brush.
